Job Search Letters that Get Results Ronald L. Krannich,1992 201 great examples of successful cover letters with instructions on how to improve your initial correspondence with prospective employers

The College Student's Guide to Landing a Great Job Bob Roth,2007-10 There

is a Way to significantly increase your chances for landing a great job with a well known and respected employer If that is your goal this book can help you achieve that goal The most successful students realize that they must compete for the best jobs They also realize that there are steps that they must follow along the way to put themselves in the best position for success To be more successful you should Figure out where you want to go A clear direction Investigate what it will take to get there Create a detailed step by step plan of action Participate in campus work and community activities Build a list of significant accomplishments Demonstrate the most desirable work related skills Prepare for and conduct a comprehensive job search Every year too many good students lose out to better prepared candidates and must settle for lesser jobs with less impressive employers This regularly happens to students who Don t understand the job hunting process Fail to adequately prepare for the senior year job search Are unaware of what is important to recruiters and employers Don t know how to compete effectively for the best jobs Students understand that their cumulative average is built semester by semester And yet most students and parents don t recognize that the same thing is true of the job search plan The accomplishments successes achievements and positive results that you will include on your resume will be accumulated as you move through your four year college experience Students who wait until their senior year to think about their resume and job search strategy are unlikely to land a great job Smart student plan for success They actively strive to put themselves in the best possible position to land a great job Those who don t will fall by the wayside Since every student can improve their chances for a better job by following the week by week plan contained in this book only one question remains How badly d *Job Search for the Technical Professional* David J. Moore,1991-08-29 Tailored to engineers and scientists whether they seek an entry level or senior level position The author who has 14 years recruiting experience offers techniques and strategies proven to be successful in finding a technical level position Topics include communications and interpersonal skills such as interviewing listening and presenting an image the importance of evaluating a job legal rights search and career consultants
