Lazy Learning David W. Aha,2013-06-29 This edited collection describes recent progress on lazy learning a branch of machine learning concerning algorithms that defer the processing of their inputs reply to information requests by combining stored data and typically discard constructed replies It is the first edited volume in AI on this topic whose many synonyms include instance based memory based exemplar based and local learning and whose topic intersects case based reasoning and edited k nearest neighbor classifiers It is intended for AI researchers and students interested in pursuing recent progress in this branch of machine learning but due to the breadth of its contributions it should also interest researchers and practitioners of data mining case based reasoning statistics and pattern recognition

Organizational Learning and Development Paul Kearns,2014-09-19 It is now widely accepted that organizational maturity is dependent on being able to reorganize on a continuous basis and learn faster and more effectively than your competitors Organizations that want to be sure they are competing at the highest level need clear indicators that their organizational learning and development capability is fully functional This new book by Paul Kearns focuses on the need for an evidence based approach to learning and development bringing together the author s extensive knowledge of HRM and organizational learning with new developments in the field The book demonstrates how evidence evaluation can improve professionalism in organizational design and development showing that this approach can create value not just for shareholders but for employees and society as a whole Organizational Learning and Development From an Evidence Base is the perfect book for postgraduate students studying on evidence based HRM courses and for the reflective learning and development practitioner

Learning in Later Life Peter Jarvis,2013-09-13 An analysis of learning throughout the whole of life Written as a text for both educators and carers it demonstrates how the learning process works through life and how learning at all stages of life is best achieved

Teaching and Learning Sustainable Consumption Daniel Fischer,Marlyne Sahakian,Jordan King,Jen Dyer,Gill Seyfang,2023-05-08 This book is a comprehensive guide on how to teach sustainable consumption in higher education Teaching and Learning Sustainable Consumption A Guidebook systematizes the themes objectives and theories that characterize sustainable consumption as an educational field The first part of the book discusses approaches to teaching and learning sustainable consumption in higher education including reflections on how learning occurs to more practical considerations like how to set objectives or assess learning outcomes The second part of the book is a dive into inspiring examples of what this looks like in a range of contexts and towards different aims involving 57 diverse contributions by teachers and practitioners Building on the momentum of a steady increase in courses addressing sustainable consumption over the past decade this guidebook supports innovative approaches to teaching and learning while also bringing to the fore conceptual debates around higher education and sustainability Overall this book will be a seminal resource for educators teaching about sustainability and consumption It will help them to navigate the specifics of sustainable consumption as a
