Sydney's Food Landscapes Joshua Zeunert, Alys Daroy, 2025-06-20 The story of Sydney's metropolitan food landscapes is one of dramatic transformations of First Nations land amidst jostles for power and wealth This book unearths Sydney's lost commercial agriculture since colonisation in 1788 to assess its fragile food futures Richly illustrated 270 images are encapsulated within 110 figures including an array of original metropolitan scale mappings Discussion traverses the city's diverse cultural influences from Indigenous land management to British pastoralism Chinese cultivation of Sydney's backyard vegetable garden and southern European farming spawning billion dollar empires The region has further been shaped by a vast array of cultural and ideological factors and material practices with relevance to planning policy ethics geography heritage art design and technology This book is the first to bring Sydney's disparate post colonial food histories together in one volume to explore the dynamics and tensions between urban growth and food production The relevance of Sydney's food landscapes therefore extends far wider than the city itself with implications for countless regions worldwide in a time of increasing climate and resource precarity

Capturing Time Edwin Barnard, 2012 Panoramas whether painted or photographed were the nineteenth century equivalent of IMAX or Google maps These wide angled views of landscapes and cities fascinated viewers who had never before seen such far reaching perspectives on the world around them Based on the National Library of Australia's extensive collections Capturing Time Panoramas of Old Australia looks back on our nation through the magic of panoramas to the streets of Sydney when it was the convict capital to the gold rushes of Melbourne and to Perth struggling to establish a toehold on the continent's western frontier Dating from 1810 to the 1920s the paintings and photographs include historic views of all of Australia's capital cities plus some country towns Not only can readers imagine what it might have been like to stand on Sydney's Observatory Hill in 1820 for example but also what it would have been like to stand there with a companion able to point out landmarks and tell the sorts of interesting stories that only locals know
