

Street Gangs

Annelies Wilder-Smith

Street Gangs:

The American Street Gang Malcolm W. Klein, 1997 About street gangs in the United States *Street Gangs* Dennis Orlando, 1997 **Barrio Gangs** James Diego Vigil, 1988 Within the Mexican American barrios of Los Angeles gang activity including crime and violent acts has grown and flourished In the past community leaders and law enforcement officials have approached the problem not as something that needs to be understood but only as something to be gotten rid of Rejecting that approach James D Vigil asserts that only by understanding the complex factors that give birth and persistence to gangs can gang violence be ended Drawing on many years of experience in the barrios as a youth worker high school teacher and researcher Vigil identifies the elements from which gangs spring isolation from the dominant culture poverty family stress and crowded households peer pressure and the adolescent struggle for self identity Using interviews with actual gang members he reveals how the gang often functions as parent school and law enforcement in the absence of other role models in the gang members lives And he accounts for the longevity of gangs sometimes over decades by showing how they offer barrio youth a sense of identity and belonging nowhere else available **The History of Street Gangs in the United States** James C. Howell, 2015-06-09 This book is an historical account of the emergence of youth gangs and the transformation of these into street gangs in the United States The author traces the emergence of these gangs in the four major geographical regions over the span of two centuries from the early 1800s to 2012 The author s authoritative analysis explains gang emergence and expansion from play groups to heavily armed street gangs responsible for a large proportion of urban crimes including drive by shootings that often kill innocent bystanders Nationwide street gangs now account for 1 in 6 homicides each year and for 1 in 4 in very large cities In recent years the number of gangs gang members and gang homicides increased even though the U S has seen a sharp drop in violent and property crimes over the past decade The author s historical analysis reveals the key contributing factors to transformation of youth gangs including social disorganization that occurred following large scale immigration early in American history and urban policies that pushed minorities to inner city areas and public housing projects This analysis includes the influence of prison gangs on street gangs The first generation of prison gangs emerged spontaneously in response to dangers inside prisons The second generation was for many years extensions of street gangs that grew enormously during the 1980s and 1990s particularly in large urban areas in which public housing projects have served as incubators for street gangs The third generation of prison gangs is extremely active in street level criminal enterprises in varied forms often highly structured and well managed organizations that are actively involved in drug trafficking In recent years returning inmates are a predominant influence on local gang violence Now prison gangs and street gangs often work together in street level criminal enterprises This book identifies the most promising ways that gang violence can be reduced The best long term approach is a combination of gang prevention intervention and suppression strategies and programs Targeted suppression of gang violence is imperative Street workers

that serve as violence interrupters can break the cycle of contagious gang violence *Street Gangs* Catherine H. Conly,1994 Summarizes research and professional criminal justice perspectives on gangs describes some current gang prevention intervention and suppression strategies and presents recommendations for dealing with street gangs at the community level Extensive bibliography **Street Gangs Throughout the World** Herbert Covey,2021-07-01 This new third edition provides an update on what is known about street gangs throughout the world and summarizes some of the major works on street gang phenomena It focuses on those countries that have a greater presence in the literature Chapter 1 introduces the reader to the topic of street gangs throughout the world Chapter 2 identifies some of the challenges faced by scholars when studying gangs in different countries Chapter 3 reviews some of the basic research on street gangs in the United States and Canada Chapter 4 covers what is known about street gangs in Europe and Russia Chapter 5 reviews the literature on street gangs in one of the hottest areas of the world for gangs Central America In addition this chapter examines South American and Caribbean gangs Street gangs in Brazil El Salvador Guatemala Jamaica Brazil Mexico Nicaragua Trinidad and other countries are covered The presence of street gangs and gang violence in these and other countries has been identified as a major factor in the mass migration of refugees to the United States Chapter 6 reports on the street gangs of Africa Research on gangs in South Africa goes back decades and the country has a unique history on how gangs evolved Other countries such as Egypt Nigeria and Kenya are developing a body of literature that highlights the distinctive nature of gangs and gang members in these countries Chapter 7 addresses street gangs in Asia including China India Hong Kong post reunification Japan and other countries This chapter provides rare glimpses of gangs in China a relatively secretive country Although different in many ways from gangs in Asia information is also included here about gangs in Australia and New Zealand Practitioners in the criminal justice and juvenile justice fields will find this book to be a valuable resource **Islands in the Street** Martin Sanchez-Jankowski,1991-04-08 The overall goal of the research in this book was to understand gang phenomenon in the United States In order to accomplish this goal the author investigated gangs in different cities in order to understand what was similar in the way all gangs behaved and what was idiosyncratic to certain gangs The research for this book took place over ten years and five months from 1978 to 1989 and will give the reader a comprehensive overview of gang behavior in the United States in that time period **Street Gang Patterns and Policies** Malcolm W. Klein,Cheryl L. Maxson,2010-04-12 This text provides a crucial update and critical examination of our understanding of gangs and major gang control programs across the nation Dispelling the long standing assumptions that the public the media and law enforcement have about street gangs it presents a comprehensive overview of how gangs are organized and structured Street Gangs and Street Workers Malcolm W. Klein,1971 **Street Gangs and Drug Sales in Two Suburban Cities** Cheryl Lee Maxson,1995 Everything You Need to Know About Street Gangs Evan Stark, Ph.D.,1999-12-15 Examines the phenomenon of street gangs the reasons people join them the danger they can hold and ways of avoiding getting involved

with them **Defining Street Gangs in the 21st Century** C.E. Prowse, 2012-07-13 In contrast to the pattern of long standing occidental street gangs modelled in the North American paradigm new age gangs have appeared as loosely organized with a high degree of interchangeability of their membership Associated with this structural fluidity is an equally significant geographic mobility which paradoxically does not appear to diminish the intensity of personal bonds formed within and between new age gangs The dimensions of fluidity of gang membership and geographic mobility across police jurisdictions is increasingly seen as the organizational pattern of emerging gangs in large part shaped by worldwide patterns of human migration and globalization While the structure of new age gangs appears as loose knit what must be emphasized is that this characteristic is reflective of a criminal network of economic commodity based turf as opposed to a close knit geographically anchored turf that has characterized the prevailing North American occidental gang model This volume illuminates the structure and organization of increasingly emergent fluid and mobile new age gangs within the context of transnational networks The implications for law enforcement agencies is two fold i the fluidity of new age gang players challenges investigative techniques that remain predicated on suspect recognition through modus operandi repetition by those involved and ii the movement of new age gang players across police jurisdictions challenges the sharing of police information This innovative work will be of interest to researchers in Criminology and Criminal Justice as well as related disciplines including Sociology and Anthropology studying gangs and group organization It has strong implications for practitioners and professionals working in law enforcement public policy or with at risk youth young adults *Street Gangs in Arizona*, 1997 Street Gangs Paul Almonte, Theresa Desmond, 1994 Provides a view of the problems brought about by street gangs the reasons why young people join them and what is being done to combat the rise of gangs and gang related violence in our society **Street Gangs** Paladin Press, 1995 This manual which arose from the ashes of the L A riots is the most comprehensive study ever done on street gangs It examines gang sociology describes the different types of gangs including hispanic black white and Asian and outlines the L A Sheriff s Department s official guidelines for responding to street gang activity *The gang* Frederic M Thrasher, 1927 **A Parent's Guide to Street Gangs** Felix Aguirre, 1993 Handbook on Crime and Deviance Marvin D. Krohn, Alan J. Lizotte, Gina Penly Hall, 2010-01-15 Annual Report of the Engineering Department of Los Angeles, California Los Angeles (Calif.). Engineering Department, 1918 **American Street Gangs** Tim Delaney, 2014 For undergraduate courses in gangs especially in sociology criminal justice and psychology juvenile justice deviance corrections and criminology The most comprehensive up to date and student friendly text on street gangs Building on the successful first edition *American Street Gangs* Second Edition is a sharp insightful analysis of gangs and gang related crime in America Delaney presents expert knowledge in a student friendly format that is engaging and to the point The text provides the necessary background material on gangs grounding the reader with the cultural and structural context of gang activity Criminal activity is also connected to socioeconomic influences thus encouraging students

to consider the many factors that affect and influence gang involvement American Street Gangs provides a comprehensive review of all the critical elements relevant to gang life

Uncover the mysteries within Explore with is enigmatic creation, **Street Gangs** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
