Antoinette Saunders, Bonnie Remsberg

Stress Proof Child:

The Stress-proof Child Antoinette Saunders, Bonnie Remsberg, 1986 **Raising Stress-proof Kids** Shelley Davidow, 2014 *Raising Stress-Proof Kids* Shelley Davidow, 2015-04-07 Drawing on cutting edge research from the Institute of HeartMath California as well as Shelley Davidow's extensive experience in working with children and teens *Raising Stress Proof Kids* explores the powerful and potentially long term effects of stress on our children. Most importantly it offers simple but effective steps that parents can take to minimize the impact of stress at home and at school. These include tools from the author's Restorative Parenting Toolbox empowering parents with the necessary skills to resolve behavior issues, deal with temper tantrums, resolve sibling rivalries, handle bullying, cope with teenagers testing their independence, navigate the challenges posed by the virtual world and provide firm, effective guidance when problems arise.

Stress-proofing Your Child Sheldon Lewis, Sheila Kay Lewis, 1996 In *Stress Proofing Your Child* Sheldon and Sheila Lewis show you how to use their health enhancing games and easy to learn activities to teach your child to handle difficult situations with new confidence. Based on proven mind body techniques such as guided imagery, deep breathing and meditation, these joyful tension busting exercises give children a sense of command over events that are seemingly out of their control. With regular use they can enhance your child's learning, stimulate his or her imagination and build self esteem. They can also help prevent stress related symptoms like headaches, sleep problems or depression and guard against adult stress related problems such as anxiety attacks, heart disease and hypertension. BOOK JACKET Title Summary field provided by Blackwell North America Inc. All Rights Reserved Raising Stress-Proof Kids Shelley Davidow, 2015-04-07 Chronic stress is robbing children of their childhoods with far reaching negative physiological, emotional and cognitive consequences. *Raising Stress Proof Kids* shows parents that there's a lot we can do to mitigate the effects of our often too stressful lives on our children's growing bodies and brains. **The ADHD Handbook** Stuart Passmore, 2015-03-15 Attention Deficit Hyperactivity Disorder (ADHD) is now one of the most common childhood disorders right across the world with a wealth of conflicting advice available everywhere you look. But most parents want only one thing to find out what is going on with their child and how they can help them. *The ADHD Handbook* draws on the most up to date research from around the world to present a comprehensive look at ADHD covering everything from how it is diagnosed to the common myths surrounding what causes it, from the brain anatomy implicated in the disorder to the pros and cons of the various types of medication and from the most effective psychotherapies to the best parenting techniques. **Risk and Protective Factors in the Development of Psychopathology** Jon Rolf, Ann S. Masten, 1992 Chapters by distinguished investigators in clinical psychology, psychiatry and child development, many of whose work led to the new developmental model of psychopathology, provide a unique review of current research on vulnerability and resistance to disorder. Humor and Creative Thinking in Stress-resistant Children Ann S. Masten, 1982 **Stress Busters for Kids** Bonnie M. Brown, 1990-03 **The Social-cognitive Qualities of**

Stress Resistant Children David Stephen Pellegrini,1980 *The Social-cognitive Qualities of Stress-resistant Children*
David Stephen Pellegrini,1980 **The Thriving Child** William Stixrud,Ned Johnson,2018-06-07 As parents we all want the best for our children but so often over manage every aspect of their lives leaving them overwhelmed lacking motivation and at risk of mental health problems as adults So how can we prevent this from happening Over their combined sixty years of practice William Stixrud a clinical neuropsychologist and Ned Johnson the founder of an elite tutoring agency have worked with thousands of children all facing this problem Together they discovered that the best antidote to stress is to give kids more of a sense of control over their lives In this ground breaking book they will teach you how to set your child on the real road to success and share their trusted techniques to help your child to reduce their stress and anxiety foster independent thinking and achieve their full potential The Thriving Child is essential reading for every parent to help their child sculpt a resilient stress proof brain that is ready to take on new challenges **Childhood Stress** Barbara Kuczen,1987 Stress and Your Child Archibald D. Hart,1994-03-24 Christian psychologist and educator Dr Archibald Hart deals with the effects of stress on children in today s world and provides readers with action steps on how to stressproof their kids **Hypnosis and Hypnotherapy with Children** Karen Olness,1988 The Vulnerable Child Rick Weissbourd,1996 What he found is that while poverty and racial prejudice contribute greatly to the disadvantage of millions of children in fact most children at risk are not poor and there is much evidence to suggest that factors such as chronic parental stress and depression have a more powerful influence on a child s fate than whether or not there are two parents in the home or whether or not the family lives below the poverty line **Staying Well Model Schools Program** Donna Lloyd-Kolkin,California. Department of Mental Health,1987 *Interview-derived Attributes of Children as Related to Competence and Familial Stress* Patricia Lynn Morison,1988 **Child Study Research** Genevieve Clapp,1988 *Home-alone Kids* Bryan E. Robinson,Bobbie H. Rowland,Mick Coleman,1989 A practical down to earth guide for parents who are faced with the dilemma of children who must be home alone Filled with checklists of resources for both parent and child and designed to provide a helpful plan for stress free support
