## Strike Root:

The Languages of the Pacific John Macmillan Brown,1922      Gardening for the South; Or William Nathaniel White,1885  
*New complete dictionary of the English and Dutch languages* Isaac Marcus Calisch,1890      **The Practical Gardener,**

Transactions of the Hertfordshire Natural History Society and Field Club Hertfordshire Natural History Society and Field  
Club,1882      **The Living Plant** William Francis Ganong,1913 Excerpt from *The Living Plant A Description and*  
*Interpretation of Its Functions and Structure* The very first words I would write in this book are addressed to my botanical  
colleagues whom I wish to inform that the work is not intended for them In this statement I am by no means invoking  
immunity from scientific criticism but emphasizing the aim of the book It is not designed as a digest of our present scientific  
knowledge of plant physiology for the use of experts in that subject but in conformity with the aim of the series of which it is  
a part it seeks to present to all who have interest to learn an accurate and vivid conception of the principal things in plant life  
I was once myself such a learner and I have tried to write such a book as I would then have delighted to read It is in a word  
an attempt at that literature of interpretation which was foreshadowed by Francis Bacon in the fine passage that stands on  
its dedicatory page This aim will explain peculiarities of the work not otherwise obvious Thus I have been at more pains to be  
clear than to be brief assuming on the part of my reader no great knowledge of the subject but a large willingness to take  
trouble to learn and as I have tried to discuss every process with fulness enough to elucidate its nature my book has  
wandered through a leisurely course to a length quite shockingly great But I comfort myself with the reflection that the plan  
and the subject hardly permit other treatment for a royal road to a real understanding of plant phenomena does neither exist  
nor can it be built      **A Handbook of Tropical Gardening and Planting, with Special Reference to Ceylon** Hugh
