## Those Wonderful Years:

**Focus on the Wonder Years** Jaana Juvonen, Vi-Nhuan Le, Tessa Kaganoff, Catherine H. Augustine, Louay Constant, 2004-03-25 Young teens undergo multiple changes that seem to set them apart from other students But do middle schools actually meet their special needs The authors describe some of the challenges and offer ways to tackle them such as reassessing the organization of grades K 12 specifically assisting the students most in need finding ways to prevent disciplinary problems and helping parents understand how they can help their children learn at home The Wonder Years Leslie Leyland Fields, 2018-04-24 Women past a certain age often feel like they are fading into the background of life The nest is emptying limitations are increasing and fear about aging and the years ahead grow Even women of faith can feel a waning sense of value regardless of biblical examples of godly women yielding fruit long after their youth is gone But despite a youth obsessed culture the truth is that the second half of life can often be the richest It s time to stop dreading and start embracing the wonder of life after 40 Here well known women of faith from 40 to 85 tackle these anxieties head on and upend them with humor sass and spiritual wisdom These compelling and poignant first person stories are from amazing and respected authors including Ann Voskamp Lauren F Winner Joni Eareckson Tada Elisa Morgan Luci Shaw These women provide much needed role models not for aging gracefully but for doing so honestly faithfully and with eyes open to wonder and deep theology along the way Each essay provides insight into God s perspective on these later years reminding readers that it s possible to serve the kingdom of God and His people even better with a little extra life experience to guide you The Wonder Years is an inspiring and unforgettable guide to making these years the most fruitful and abundant of your life
