

Three Spheres Psychiatric Interview

Richard Gottlieb

Three Spheres Psychiatric Interview:

Three Spheres David J. Robinson, 2000 **Psychiatric Interviewing E-Book** Shawn Christopher Shea, 2016-09-19

With time at a premium today's clinicians must rapidly engage their patients while gathering an imposingly large amount of critical information. These clinicians appropriately worry that the person beneath the diagnoses will be lost in the shuffle of time constraints, data gathering, and the creation of the electronic health record. *Psychiatric Interviewing: The Art of Understanding: A Practical Guide for Psychiatrists, Psychologists, Counselors, Social Workers, Nurses, and other Mental Health Professionals*, 3rd Edition, tackles these problems head-on, providing flexible and practical solutions for gathering critical information while always attending to the concerns and unique needs of the patient. Within the text, Dr. Shea deftly integrates interviewing techniques from a variety of professional disciplines, from psychiatry to clinical psychology, social work, and counseling, providing a broad scope of theoretical foundation. Written in the same refreshing, informal writing style that made the first two editions best sellers, the text provides a compelling introduction to all of the core interviewing skills, from conveying empathy effectively, utilizing open-ended questions, and forging a powerful therapeutic alliance, to sensitively structuring the interview while understanding nonverbal communication at a sophisticated level. Updated to the DSM-5, the text also illustrates how to arrive at a differential diagnosis in a humanistic, caring fashion, with the patient treated as a person, not just another case. Whether the reader is a psychiatric resident or a graduate student in clinical psychology, social work, counseling, or psychiatric nursing, the updated third edition is designed to prepare the trainee to function effectively in the hectic worlds of community mental health centers, inpatient units, emergency rooms, and university counseling centers. To do so, the pages are filled with sample questions and examples of interviewing dialogue that bring to life methods for sensitively exploring difficult topics such as domestic violence, drug abuse, incest, antisocial behavior, and taking a sexual history, as well as performing complex processes such as the mental status. The expanded chapter on suicide assessment includes an introduction to the internationally acclaimed interviewing strategy for uncovering suicidal ideation, the Chronological Assessment of Suicide Events (CASE) Approach. Dr. Shea, the creator of the CASE Approach, then illustrates its techniques in a compelling video demonstrating its effective use in an interview involving a complex presentation of suicidal planning and intent. A key aspect of this text is its unique appeal to both novice and experienced clinicians. It is designed to grow with the reader as they progress through their graduate training while providing a reference that the reader will pull off the shelf many times in their subsequent career as a mental health professional. Perhaps the most unique aspect in this regard is the addition of five complete chapters on Advanced and Specialized Interviewing, which comprise Part IV of the book, which appear as bonus chapters in the accompanying e-book without any additional cost to the reader. With over 310 pages, this web-based bonus section provides the reader with essentially two books for the price of one, acquiring not only the expanded core textbook but a set of independent monographs on specialized skill sets that the reader and/or faculty can add

to their curriculum as they deem fit Psychiatric Advanced Practice Nursing Eris F Perese,2012-01-05 Here s an evidence based holistic approach to caring for psychiatric and mental health patients in outpatient settings Using a biopsychosocial model this text addresses mental health issues through stabilization of brain chemistry individualized psychotherapy and re socialization into the community Inside you ll find an in depth focus on specific psychiatric disorders including the epidemiology etiology biological basis clinical presentation of adults older adults and children co morbidities differential diagnosis and treatment There is also comprehensive coverage of the interventions and Levers of Change used to aid patients in their recovery as well preventative interventions The Psychiatric Interview Explained David J. Robinson,2005

Brain Calipers David J. Robinson,2001 **Schizophrenia Bulletin** ,1987 **Disordered Personalities** David J. Robinson,2005 Provides a practical and readable overview of personality disorders at an intermediate level Designed to be used by students for course study during clinical rotations and for exam review **Psychiatry September 2001--August 2002** Phillip Richard Slavney,2001 *The Complete Mental Health Directory* Richard Gottlieb,2006-03 Provides comprehensive coverage of 27 specific mental health disorders from adjustment disorders to tic disorders including a separate section devoted to pediatric and adolescent issues as well as support systems and other resources Federal Probation ,1953 **New York Court of Appeals. Records and Briefs.** New York (State)., *Essentials of Neuropsychological Assessment* Lawrence C. Hartlage,Michael J. Asken,J. Larry Hornsby,1987 *cs psych clinic psych* Psychiatric Annals ,1979 *American Psychiatric Press Textbook of Psychiatry* Robert E. Hales,Stuart C. Yudofsky,John A. Talbott,1994 A clinically oriented comprehensive textbook of psychiatry for use principally by psychiatric residents and practicing psychiatrists but also suitable as a reference for physicians in other specialties and as an introduction to psychiatry for medical students This edition is 20% larger than the first edition 1988 reflecting the substantial increase in the knowledge base of psychiatry The multi authored volume contains 45 chapters grouped into five sections theoretical foundations assessment psychiatric disorders psychiatric treatments and special topics As in the first edition two appendices are included the diagnostic criteria from DSM IV and excerpts from the American Psychiatric Glossary 7th edition Annotation copyright by Book News Inc Portland OR **A Primer for Psychiatric Nurses** ,1990 Producer Introduces the student to the basics of the field by following a beginning psychiatric nurse through her first weeks on the job **The Complete Mental Health Directory** ,2004 Mental Disorders Mental Health Associations Organizations Government Agencies Clinical Management Pharmaceutical Companies **The American Journal of Psychiatry** ,1997-04 *The Practice of Mental Health Nursing: a Community Approach* Arthur James Morgan,Judith Wilson Moreno,1973 *California. Court of Appeal (2nd Appellate District). Records and Briefs* California (State)., Court of Appeal Case s Consolidated Case s Number of Exhibits 3 **Canadian Journal of Psychiatry** ,1993

The Enigmatic Realm of **Three Spheres Psychiatric Interview**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
