Too Many Drifters:

The Griever's Mark Katherine Buel,2022-01-09 Defiance could cost her very soul Astarti s master controls her through a Leash a bond of energy anchored deep within her Despite being one of the few remaining Drifters able to manipulate the energy world she cannot break free She knows her fate she will serve Belos until she dies at which point he will harvest her energy to augment his own She s done some bad things in her master s name She s not asking for forgiveness she expects to be hated What she doesn t expect is Logan a man meant to be her sworn enemy a man with secrets as dark as her own When Logan recognizes that Astarti may be more than she seems she begins to unravel Belos s lies about the tattoo she bears on the back of her neck about her history and about her power Previously released under Katherine Hurley *The Bed I Lie On: A Novel* Art Lester,2015-03-30 You can run Luke has never stopped running He fled a quarter of a century ago when the body of his best friend s wife was found on Christmas Eve bludgeoned to death in her kitchen The crime has never been solved It wrecked the sleepy pattern of life in the Southern college town of Old Wells and when Luke finally returns he comes to realise that he is responsible But you can t hide Now someone wants him dead But who And why Surrounded by the sometimes surreal characters that populate this corner of Dixie Luke can t decide whom to trust It takes the renewal of an old love to teach him that real survival means not just solving the murder but also the crazy jigsaw puzzle of his life

At What Cost David M Cowe,2019-01-31 I have been doing my family tree for well over thirty years it is quite vast It got to the stage when revising its content I realized it was all names and dates basically probably quite boring especially to the younger generations Therefore I went back to the beginning and started to research individuals and their times and events then adding them to the tree I then found it was like reading a book and was quite interesting with the result that I wrote a completely separate story from the tree I then added photos that were also of interest to the content The book starts in the mid 1600s tracing a fishing family right up to 1947 including hardships disasters tragedies WWI and WWII But the story can equally apply to anybody with fishing roots just change the names I think it is a heritage to be recorded and should not be lost
