## **Teaching Reading A Decision Making Process:**

*Teaching Reading* Nicholas Silveroli, Warren Wheelock, 1975      **Teachers as Decision Makers** Robin Griffith, 2023-10-10 In *Teachers as Decision Makers Responsive Guided Reading Instruction* Robin Griffith draws on years of research and countless interactions with students and teachers to present a framework of instructional decision making centered on the readers we work with the books we share with them and the instructional objectives we guide them toward In this fresh look at the instructional choices we make Griffith offers an in depth guide in which you ll discover how to make effective student driven decisions both while planning for and in the moments of teaching at the guided reading table including The Teacher Decision Making Framework grounded in the learner the goal and the text Direct applications across three guided reading text level bands Emergent Early and Transitional Tables charts and reproducible materials for easy reference in assessing and monitoring key reading behaviors at each band 50 quick reference Decision Guides for practical planning and responding in three instructional areas Word Solving Fluency and Expression and Comprehension Whether you re new to guided reading or looking to refine your practice this practical resource will give you the tools you need to elevate your instruction and refine your ability to make effective decisions when teaching young readers      [Teaching Reading in the Content Areas](#) Vicki Urquhart, Dana Frazee, 2012 Based on interactive elements that apply to every reading situation the authors explain instructional strategies that work best in the subject areas and how to optimize those classrooms for reading writing and discussion      *Teacher Decision Making in Reading Instruction With Choices and Mandates* Michelle Ciminelli, 2011 In this qualitative research study I attempted to understand and describe what happens when elementary school teachers have a choice of instructional methods and materials for teaching reading as well as decisions made when given a mandated reading program In particular I wished to discover the choices educational professionals make in reading instruction throughout the year and the processes of those choices Additionally I examined the similarities and differences in the decisions educational professional make about instructional reading programs across the year among various populations such as veteran vs novice teachers various grade levels looping vs non looping team teachers and teachers vs principal Finally I wanted to explore the factors that influenced educators decision making processes Theories of social constructivism decision making and reflective practice guided the design and methodology for the study This study was conducted over a ten month period in a rural elementary school Participants included nine kindergarten through fourth grade teachers the school principal and the district curriculum specialist Data for this study were collected through multiple interviews and field observations as well as artifacts related to reading programs and instructional practices The data were analyzed through open axial and selective coding phases Creswell 2007 As became evident early in the study and increasingly so as data collection and analysis progressed teacher decision making differed depending on whether or not participants had choice in how to teach reading The data revealed several factors that influenced teacher decision making when allowed choice in

reading instruction including student needs colleagues the need for support and guidance professional development and time constraints With the mandated program teacher decision making was influenced by training a process of modifications and fear and risk taking I present two models of decision making one represents decision making with choice and the other represents decision making with a mandated program Several implications for administrators professional development and teacher education were drawn from the findings of this study in regard to assisting teachers in the implementation of reading instruction

Teaching Reading, a Human Process Ivan J. Quandt, 1977      A Study of Teacher Decision Making in Reading Classrooms Sandra Buike, 1980      *Teaching Reading to Every Child* Diane Lapp, James Flood, Cynthia H. Brock, Douglas Fisher, 2013-06-17
