Value-based Power Trading Donald L. Jones, 1993 The Market Profile continues to revolutionize futures market analysis By organizing price and time into a usable format the Market Profile provides extraordinary insights into the dynamics of the marketplace Indeed through the prism of the profile many traders feel they can actually read the market Unfortunately the process of translating Market Profile analysis into profitable trades has been difficult for many traders at least until now Value Based Power Trading brings to life the dormant potential of the Market Profile providing traders with an explicit rule based system that utilizes the insights afforded by the profile to generate consistently profitable trading signals In this important new book Donald Jones demonstrates how his patented Overlay Demand Curve™ integrates data into a super profile which identifies the market's structure and condition The super profile shows what the market's principal players are doing where value exists and provides traders with the ability to interpret market behavior as it unfolds Jones explains how to spot critical reference points that define the market's long term condition Once the reference points are clear a trader can plot strategy in an objective unambiguous manner Unlike previous books on the Market Profile Value Based Power Trading explains how to analyze the market from both a long term and short

term perspective It shows how to recognize market turning points and it provides traders with precise strategies to profit from major market moves Jones provides systems for day trading breakout trading and responsive trading He shows how to choose the right strategy for any given market situation Most importantly he proves the profitability of his systems by subjecting them to real market tests The shift from price based technical analysis to value based Market Profile analysis is a revolution in the making Value Based Power Trading may very well mark a culmination of that revolution BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Long-term Day Trader** Michael Sincere, Deron Wagner, 2000 Making the case that long term day trading is not an oxymoron the author of 101 Investment Lessons from the Wizards of Wall Street and his professional day trader coauthor share rules and interviews with successful online traders on maximizing returns with insights from traditional investing Recommends web sites Annotation copyrighted by Book News Inc Portland OR Electronic Day Trading Made Easy Misha T. Sarkovich, 1999 Once limited to the major players on Wall Street day trading has become a dynamic ultracompetitive tool for individual investors The key to successful day trading is not based on luck but on skill discipline and determination In Electronic Day Trading Made Easy Sarkovich shows readers how to balance the risks and rewards of day trading to maximize long term success *Investors Chronicle*, 2003 **Technical Analysis of Stocks and Commodities**, 2007 Business Korea, 1985
