The Virginization:

Leadership of Richard Branson as an Historical Entrepreneur Caroline Mutuku, 2018-06-21 Seminar paper from the year 2018 in the subject Business economics Business Management Corporate Governance grade 1 language English abstract Richard Branson has emerged to be one of the 21st century historical entrepreneurs owing to his leadership style and personal characteristics In the past twenty years Richard Branson has realized remarkable recognition in the business world in which he has expanded his investment in an array of ventures His interest in business developed long ago during his elementary education when he dropped out of school and established a mail order business Later on he transformed his mail order business into a record label in 1970s It is quite surprising to learn that Branson adopted reliable business leadership approaches in his business leading to a rapid expansion Dearlove 2007 It was during its initial successes that Branson owned record stores which bore the Virgin Records brand In 1980s and 1990s Branson extended his business venture into airlines in which he established the Virgin Atlantic Airways In addition he expanded his business further when he established a Virgin record label in the US Another significant advancement of Branson s investment was the establishment of a space tourism company named Virgin Galactic His intention for establishing this company was for reaching orbital trips around the world owing to the remarkable growth of global tourism Walenius Westerst l 2010 Currently Branson owns the Virgin Group which is valued at 5 billion Virgin Group consists of over 200 different companies including cellular phone companies airlines and record labels

Animus Rising Bernard X. Bovasso, 2010-02-05 The subject of Dr Freud s Oedipal Complex deals essentially with Fathers and sons Neglected however in much psychological exegesis is something equivalent as Mothers and daughters In the following work as much has been attempted and with special attention given to what Dr C G Jung called the animus the unconscious maleness of the feminine psyche However the animus is not limited to the feminine estate simply because it is engendered as Spirit per se and with broader implication as zeitgeist It is thus included as an aspect of Western culture and collective consciousness The World Animus makes its first pre historic appearance in what is known as a standing stone The giant phallus thus serves as an image exemplifying what I refer to as Animus Rising and as such not only represents a momentous event in the early period of European and Western culture but the modern culture trend especially noticeable in the U S A toward a matricentric society

Antiquity, Greece and Rome P. L. Jacob, 1926 On Pain of Speech Dina Al-Kassim, 2010-02-08 On Pain of Speech tracks the literary rant an expression of provocation and resistance that imagines the power to speak in its own name where no such right is granted Focusing on the politics of address Dina Al Kassim views the rant through the lens of Michel Foucault s notion of the biopolitical subject and finds that its abject address is an essential yet overlooked feature of modernism Deftly approaching disparate fields decadent modernism queer studies subjection critical psychoanalysis and postcolonial avant garde and encompassing both Euro American and Francophone Arabic modernisms she offers an ambitious theoretical perspective on the ongoing redefinition of modernism She includes
