Thousand Days:

A Thousand Days Arthur M. Schlesinger, 2002-05-17 As special assistant to the president Arthur Schlesinger witnessed firsthand the politics and personalities that influenced the now legendary Kennedy administration Schlesinger's close relationship with JFK as a politician and as a friend has resulted in this authoritative yet intimate account in which the president walks through the pages from first to last alert alive amused and amusing John Kenneth Galbraith *A THOUSAND DAYS* is at once a masterly literary achievement and a work of major historical significance *New York Times Bulletin*, 1927

Early Daoist Dietary Practices Shawn Arthur, 2013-06-27 Much as the modern Western world is concerned with diets health and anti aging remedies many early medieval Chinese Daoists also actively sought to improve their health and increase their longevity through specialized ascetic dietary practices Focusing on a fifth century manual of herbal based immortality oriented recipes the *Lingbao Wufuxu* The Preface to the Five Lingbao Talismans of Numinous Treasure Shawn Arthur investigates the diets their ingredients and their expected range of natural and supernatural benefits Analyzing the ways that early Daoists systematically synthesized religion Chinese medicine and cosmological correlative logic this study offers new understandings of important Daoist ideas regarding the body's composition and mutability health and disease grain avoidance bigu diets the parasitic Three Worms interacting with the spirit realm and immortality This work also employs a range of cross disciplinary scientific and medical research to analyze the healing properties of Daoist self cultivation diets and to consider some natural explanations for better understanding Daoist asceticism and its underlying world view

Liberalism and Leadership Emile Lester, 2019-10-22 Most scholars and pundits today view Franklin Delano Roosevelt and John F Kennedy as aggressive liberal leaders while viewing Schlesinger's famous histories of their presidencies as celebrations of their steadfast progressive leadership A more careful reading of Schlesinger's work demonstrates that he preferred an ironic political outlook emphasizing the virtues of restraint patience and discipline For Schlesinger Roosevelt and Kennedy were liberal heroes and models as much because they respected the constraints on their power and ideals as because they tested traditional institutions and redefined the boundaries of presidential power Aggressive liberalism involves the use of inspirational rhetoric and cunning political tactics to expand civil liberties and insure economic equality Schlesinger's emphasis on the crucial role that irony has played and should play in liberalism poses a challenge to the aggressive liberalism advocated by liberal activists political thinkers and pundits That his counsel was grounded in
