Writing and Synthesis Tracey Baker, Barbara Kennedy, 1993
Writing and Synthesis Addison-Wesley Educational Publishers, Incorporated, George E Pinches, 1995-08-01
Relations, Locations, Positions Peter Vandenberg, Sue Hum, Jennifer Clary-Lemon, 2006 This anthology for beginning teachers and graduate students in composition studies and other related fields begins with the premise that writing is always social a dialogue between self and other This social turn not only underscores the value of the writing process by encouraging students to prewrite draft and revise together but more important it also focuses on postprocess by foregrounding approaches to teaching writing that highlight the importance of context Thus this anthology seeks to move beyond process by building on the valuable lessons from process pedagogy and by promoting the idea that writing stands for a radically complex network of phenomena From publisher s description
