Scherpbier, Cees P.M. van der Vleuten, J.J. Rethans, A.F.W. van der Steeg, 2012-12-06 About 550 registrants from 51 different countries attended the Seventh Ottawa Conference on Medical Education and Assessment in Maastricht We received 525 abstracts for the conference divided in thematic poster sessions and platform presentations Organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous Ottawa conferences During and after the conference about 250 papers were submitted for publication in the conference proceedings leaving us little time for a post conference depression Despite the large number of papers the editors have attempted to review and edit the papers as carefully as possible Occasionally however correspondence exceeded reasonable deadlines preventing careful editing of a small number of the papers Although we felt that our editorial task was not quite finished we nevertheless decided to include these papers We thank the many authors for their enthusiastic and prompt response to occasionally tedious editorial suggestions and requests We are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education The editors want to thank Jocelyn Flippo Berger whose expertise with desk top publishing and perseverance was a great help [The GP Trainer's Handbook](#) Paul Middleton, Maurice Price, 2021-08-13 The ten years since the First Edition of this book have witnessed revolutionary changes in GP training appraisal the new MRCGP exam and competence based assessments to name but three Greater availability of information has also transformed the social context of General Practice as a profession Despite this the one to one relationship between trainer and trainee remains the lynchpin of GP education and this manual's key principle that GP trainers are the key source of expertise in this field and that their experiences and ideas are a vital and still underused resource is as important as ever This new edition fully revised and updated to reflect the latest changes in both GP training and the profession remains an essential comprehensive manual of useful advice for GP trainers written by their peers Outlining educational methods training philosophies and reflections from practitioners experienced in the entire spectrum of GP education it provides a toolbox of resources to cover the practicalities of training including e portfolios teaching consultation skills and numerous tips and tricks It is now augmented with an array of

supporting online material that includes checklists forms and evaluation tools This book is vital reading for GP tutors and GP trainers as well as those considering such roles and for all those who manage and oversee the training of GP registrars

Chronic Disease Management Patrick McEvoy,2014-06-15 In this ground breaking new work Patrick J McEvoy connects with healthcare professionals patients and illness to presenting an entirely new way to address chronic disease management By reflecting on the very nature of chronic disease rather than focusing on its consequences the book sheds new light on the complex realities of general practice
