The Handbook of High Performance Virtual Teams Jill Nemiro,Michael M. Beyerlein,Lori Bradley,Susan Beyerlein,2015-06-10 The Handbook of High Performance Virtual Teams is an essential resource for leaders virtual team members and work group leaders The editors provide a proved framework based on five principles for working collaboratively across boundaries of time space and culture Written by experts in the field the contributors offer practical suggestions and tools for virtual team who need to assess their current level of effectiveness and develop strategies for improvement This important resource also contains an array of illustrative cases as well as practical tools for designing implementing and maintaining effective virtual work Research Anthology on Facilitating New Educational Practices Through Communities of Learning Management Association, Information Resources,2020-10-30 With the future of education being disrupted and the onset of day to day uncertainties and challenges that have to be solved quickly teachers are now turning to professional development communities support communities where they can share and learn about effective practices to use in the classroom While transitioning to blended or online learning and keeping up with the technological advances in education these communities provide an essential backbone for teachers to rely on for support and updated knowledge on what educational practices are being utilized how they are working and what solutions have been found for the ever changing climate of education Research on the benefits and use of these communities as well as on the latest educational practices is essential in teacher development and student learning in the current culture of a rapidly changing educational environment The Research Anthology on Facilitating New Educational Practices Through Communities of Learning contains hand selected previously published research that provides information on the communities of learning that teachers are currently involved in to seek the latest educational practices The chapters cover the context of these

communities the benefits and an overview of how this support is a necessary tool in today's practices of teaching and learning. While highlighting topics such as learning communities, teacher development, mentoring, and virtual communities, this book is essential for inservice and preservice teachers, administrators, teacher educators, practitioners, stakeholders, researchers, academicians, and students who are interested in how communities of practice tie into professional development, teacher learning, and the online shift in teaching.

Virtual Teams For Dummies Tara Powers, 2018-07-31. Set your virtual team on a path to success. In the global marketplace, people can work practically anywhere and anytime. Virtual teams cut across the boundaries of time, space, culture, and sometimes even organizations. Rising costs, global locations, and advances in technology are top reasons why virtual teams have increased by 800 percent over the past 5 years. Packed with solid advice, interviews, and case studies from well-known companies who are already using virtual teams in their business model and their lessons learned, *Virtual Teams For Dummies* provides rock-solid guidance on the essentials for building, leading, and sustaining a highly productive virtual workforce. It helps executives understand key support strategies that lead virtual teams to success and provides practical information and tools to help leaders and their teams bridge the communication gaps created by geographical separation and achieve peak performance. Includes research findings based on a year-long study on the effectiveness of virtual teams. Mindset and skill shift for managers from old-school traditional team management to virtual team management. Covers the communication and relationship strategies for virtual teams. Examines how the frequency of in-person meetings affects a remote team's success. Written by an award-winning leadership expert, this book is your one-stop resource on creating and sustaining a successful virtual team.
