Sustainable Development Aleksei V. Bogoviz, Alexander E. Suglobov, Alexander N. Maloletko, Olga V. Kaurova, 2021-12-03 This book presents a systematic view of the cooperative sector of the economy from the standpoint of sustainable development. On the one hand, the book reveals the consequences of business cooperation for the implementation of global sustainable development goals, primarily in terms of environmental protection and food security. On the other hand, the book defines the essence of sustainable development of the cooperative sector of the economy as a demonstrative economic practice that reflects the general state of socio-economic systems.
