

## Closed vs. Open Management System

- Closed System - internal sub-units of the organization that do not interact with the external environment.
- Open System - internal sub-units that interact with other systems (or sub-units within other systems) that are outside of the organization.

## General vs. Specific Management System

- General Management System - mainly concerned with formal organizations and the concepts are relating to techniques of sociology, psychology, and philosophy.
- Specific Management System - includes the analysis of organizational structure, information, planning and control mechanism and job design, etc.
