**The Blockade Busters** Ralph Barker,1977-01-01      **The Blockade Busters** Ralph Barker,2005-05-19 A detailed history of three British World War II blockade runs to get vital supplies from Sweden past the Germans The Blockade Busters recounts one of the greatest sea stories of World War II It is the story of how George Binney a thirty nine year old civilian working in neutral Sweden when Norway was overrun by the Germans in 1940 He set about running vital cargoes of Swedish ball bearings and special steels to Britain through the blockaded Skagerrak where German air strength was dominant and where the Royal Navy dare not trespass Despite Admiralty gloom and in the face of political objections that were overcome by Binney s persistence five ships carrying a year s supply of valuable materials for the expanding British war industries were successfully sailed to Britain in January 1941 The following attempt was not as successful and ended when six ships were sunk or scuttled But then came the saga of the Little Ships the motor gunboats flying the Red Duster that operated out of the Humber to and from the Swedish coast in the winter of 1943 44 defying the strengthened German defences and the wrath of severe weather      *Blockade Buster Volume 1: the Conspiracy* Blake Holliday,2012-02-13 An alternative historical fiction set just prior to the Civil War We find our main character disillusioned by the politics of the time When a chance for revenge is handed to him he studies over the opportunity before accepting the challenge      **Blockade Busters** Ralph Barker,2005 Recounts one of the greatest sea stories of World War II It is the story of how George Binney a 39 year old civilian working in neutral Sweden when Norway was overrun by the Germans in 1940 set about running vital cargoes of Swedish ball bearings and special steels to Britain through the blockaded Skagerrak where German air strength was dominant and where the Royal Navy dare not trespass Despite Admiralty gloom and in the face of political objections that were overcome by Binney s persistence five ships carrying a year s supply of valuable materials for the expanding British war industries were successfully sailed to Britain in January 1941 A following attempt was not as successful and ended when six ships were sunk or scuttled But then came the saga of the Little Ships the motor gunboats flying the Red Duster that operated out of the Humber to and from the Swedish coast in the winter of 1943 44 defying the strengthened German defenses and the wrath of severe weather      **The Cockleshell Raid** Ken Ford,2011-12-20 The incredible story of how British commandoes infiltrated a heavily defended Axis port by canoe to launch a hazardous attack on enemy shipping      **Black Diamonds** Catherine Bailey,2014-12-30 From the New York Times bestselling author of *The Secret Rooms* the extraordinary true story of the downfall of one of England s wealthiest families Fans of *Downton Abbey* now have a go to resource for fascinating real life stories of the spectacular lives led by England s aristocrats With the novelistic flair and knack for historical detail Catherine Bailey displayed in her New York Times bestseller *The Secret Rooms* *Black Diamonds* provides a page turning chronicle of the Fitzwilliam coal mining dynasty and their breathtaking Wentworth estate the largest private home in England When the sixth Earl Fitzwilliam died in 1902 he left behind the second largest estate in twentieth century England valued at more than

3 billion of today's money a lifeline to the tens of thousands of people who worked either in the family's coal mines or on their expansive estate. The earl also left behind four sons and the family line seemed assured. But was it? As Bailey retraces the Fitzwilliam family history she uncovers a legacy riddled with bitter feuds, scandals including Peter Fitzwilliam's ill-fated affair with American heiress Kick Kennedy and civil unrest as the conflict between the coal industry and its miners came to a head. Once again Bailey has written an irresistible and brilliant narrative history. **World War II in Europe** David T.

Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall. This encyclopedia offers a focused overview of this complex and volatile era: the circumstances that led up to war, the underlying causes, its unfolding and consequences. Organized for quick and precise access, more than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation. All the key ideas, events, actions, weapons, individuals, and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League, from the OSS to the Africa Corps, from the Chetniks to the Jedburghs, from the battle of Kursk to Operation Mincemeat, from Bill Donovan to Otto Skorzeny, from Gestapo to SMERSH, from Georgi Zhukov to Jean Leclerc, from the 88 gun to the Norden Bombsight. Covers important, neglected subjects. The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia. A key section inspects and rates all the major weapons with handy tables for easy comparison. And in recognition of the first large-scale participation of women in the war, the volume thoroughly documents their individual and unit contributions to the Allied effort. Finally, the encyclopedia discusses battlefield realities that explain, for example, why the airborne drops at Normandy succeeded and the ones at Arnheim failed. A bibliography, glossary, maps, photographs, and weapons and data tables enhance the coverage. Also includes 16 maps. *The Fellers Called Him Bill* P. J.

Kearns, 2012-10-22 *The Fellers Called Him Bill* is a story of the American Civil War by P. J. Kearns. It is a thoroughly engaging account of the Great Rebellion following one young man's incredible journey through it. The generously illustrated narrative is presented as a three-volume set: Book 1: Secession and the Outbreak of War; Book 2: The Rebellion Intensifies; Book 3: The Final Desperate Fighting and the Aftermath of War. The story touches on the military, social, political, and economic realities of the era while introducing the larger-than-life Americans who shaped history in the mid-19th century. Loaded with fascinating anecdotes, photos, drawings, and maps, *The Fellers Called Him Bill* offers the reader a compelling narrative covering the most incredible period in American history. For a student of American History, the set of books would serve as an excellent source of material. **Children of the Benares** Ralph Barker, 1987 **Al-Sabah** Alan Rush, Alan de Lacy Rush, 1987
