The Great British Recording Studios Howard

Massey, 2015-10-01 Book *The Great British Recording Studios* tells the story of the iconic British facilities where many of the most important recordings of all time were made. The first comprehensive account of British recording studios ever published, it was written with the cooperation of the British APRS Association of Professional Recording Services headed by Sir George Martin to document the history of the major British studios of the 1960s and 1970s and to help preserve their legacy. The book surveys the era's most significant British studios including Abbey Road, Olympic, and Trident with complete descriptions of each studio's physical facilities and layout along with listings of equipment and key personnel as well as details about its best-known technical innovations and a discography of the major recordings done there. Seamlessly interweaving narrative text with behind-the-scenes anecdotes from dozens of internationally renowned record producers and a wealth of photographs many never published before, this book brings to life the most famous British studios and the people who created magic there. Meticulously researched and organized, *The Great British Recording Studios* will inform and inspire students of the recording arts, music professionals, casual music fans, and anyone interested in the acoustically pristine facilities, groundbreaking techniques, and innovative artists and technicians that have shaped the course of modern recording.

Six Lectures on the Recorder and Other Flutes in Relation to Literature Christopher Welch, 1911 [All The Songs](#) Philippe Margotin, Jean-Michel Guesdon, 2012-03-20 In this lively and fully illustrated work, two music historians break down every album and every song ever released by the Beatles from *Please Please Me* (U.S. 1963) to *The Long and Winding Road* (U.S. 1970). *All the Songs* delves deep into the history and origins of the Beatles and their music. This first of its kind book draws upon decades of research as music historians Margotin and Guesdon recount the circumstances that led to the composition of every song, the recording process, and the instruments used. Here we learn that one of John Lennon's favorite guitars was a 1958 Rickenbacker 325 Capri which he bought for 100 in 1960 in Hamburg, Germany. We also learn that *Love Me Do* recorded in Abbey Road Studios in September 1962 took 18 takes to get right, even though it was one of the first songs John and Paul ever wrote together. And the authors reveal that when the Beatles performed *I Want to Hold Your Hand* on *The Ed Sullivan Show* in 1964, John's microphone wasn't turned on, so viewers heard only Paul singing. The hundreds of photographs throughout the book include rare black and white publicity stills, images of Beatles instruments, and engaging shots of the musicians in studio. *All the Songs* is the must-have book for the any true Beatles fan.

Dwight Diller Lewis M.
