The Comparative Study Of Religions

William E. Paden

The Comparative Study Of Religions:

A Comparative Study of Religions Mugambi, J.N.K.,2015-03-16 This book is the result of concerted teamwork among the academia staff of the Department of Religious Studies University of Nairobi between 1986 and 1990 The Project was prompted by the necessity to produce relevant and comprehensive textbooks for the undergraduate degree programme The book has remained in demand confirming the relevance and quality of its content covering the whole range of major religions of the world with extensive geographical and historical scope It includes a specific section on African Religion thus placing the African Religious Heritage within the mainstream of the comparative study of the world's religions *A Comparative Study of Religions* Y. Masih,2000-01-01 This book has been written by a scholar who has occupied himself with the subject of religion for over fifty years But no finality can be claimed The reason is that religion deals with what is transcendent in the sense that it deals with what man is going to be Advaitism terms this futuristic end as becoming Brahman However Bergson and other evolutionists would say that religion is a collective and cooperative effort of men to become gods This simply means the divinising of man what Aurobindo calls super mind The terms gods and supermind are vague and imprecise They refer to a state beyond human ills beyond human infatuation and beyond the befogging of human intellect One thing is clear that fighting with other human beings in the name of religion is sub human As religious men we are fellow travellers in the direction of the realm of spirit Here the nomenclature of Hindus Muslims Christians etc ceases to be meaningful Hence the religion of man to which we are looking forward is not so much in the past as it is yet to be Of course we have to go very far and we have not made any beginning yet However at present the advaitic principle of differenceless Brahman can serve the purpose of harmonizing all religions Here this principle has been adopted and key concepts of different religions have been shown to mingle into one another *The Comparative Study of Religions* Joachim Wach,1958 *The Comparative Study of Religions* Alban Gregory Widgery,1922 **Comparative Religion** Kedar Nath Tiwari,1983-01-01 **Religious Worlds** William E. Paden,1994-08-01 From Gods to ritual observance to the language of myth and the distinction between the sacred and the profane *Religious Worlds* explores the structures common to all spiritual traditions **Comparative Religion** Eric John Sharpe,1975 **Comparative Studies in History of Religions** Erik Reenberg Sand,Jørgen Podemann Sørensen,1999 It was Max Müller who coined the famous motto of the comparative study of religion He who knows one knows none Since its first beginning in the second half of the nineteenth century the history of religions has always somehow invoked comparative insights as its very raison d'être The nature of these insights has been under constant debate and at times scepticism and devastating critique of the more pretentious comparative projects made regionally specialized studies seem the only legitimate enterprise within the discipline The fact remains however that the major general issues addressed by historians of religions are rooted in considerations of a comparative nature The dossier of papers from an international conference held at the University of Copenhagen discusses tradition as well as new approaches to the fundamental issues of the aim scope and

validity of comparative studies in history of religions No longer bound to monolithic visions of history and human nature these papers critically explore the limits and the roles of comparison in the study of religion

The Comparative Study of Religions Alban Gregory Widgery, 1923

Comparing Religions Jeffrey J. Kripal, Ata Anzali, Andrea R. Jain, Erin Prophet, Stefan Sanchez, 2024-03-15 Teaches students the art and practice of comparison in the globalizing world fully updated to reflect recent scholarship and major developments in the field

Comparing Religions The Study of Us that Changes Us is a wholly original absorbing and provocative reimagining of the comparative study of religion in the 21st century The first textbook of its kind to foreground the extraordinary or paranormal aspects of religious experience this innovative volume reviews the fundamental tenets of the world's religions discusses the benefits and problems of comparative inquiry explores how the practice can impact a person's worldview and values and much more Asserting that religions have always engaged in comparing one another the authors provide insights into the history trends debates and questions of explicit comparativism in the modern world Easily accessible chapters examine the challenges of studying religion using a comparative approach rather than focusing on religious identity inspiring students to think seriously about religious pluralism as they engage in comparative practice Throughout the text a wealth of diverse case studies and vivid illustrations are complemented by chapter outlines summaries toolkits discussion questions and other learning features Substantially updated with new and revised material the second edition of **Comparing Religions** Draws from both comparative work and critical theory to present a well balanced introduction to contemporary practice Explains classic comparative themes provides a historical outline of comparative practices and offers key strategies for understanding analyzing and re reading religion Draws on a wide range of religious traditions to illustrate the complexity and efficacy of comparative practice Embraces the transcendent nature of the religious experience in all its forms including in popular culture film and television Contains a classroom proven three part structure with easy to digest thematically organized chapters Features a companion website with information on individual religious traditions additional images a glossary discussion questions and links to supplementary material

Comparing Religions The Study of Us that Changes Us Second Edition is the perfect textbook for undergraduate students and faculty in comparative religion the study of religion and world religions as well as a valuable resource for general readers interested in understanding this rewarding area

Comparative Religions and Philosophies Ravi Prakash 'Baboo', 2021-09-10

COMPARATIVE RELIGIONS AND PHILOSOPHIES Comparative religion is the branch of the study of religions concerned with the systematic comparison of the doctrines and practices of the world's religions In general the comparative study of religion yields a deeper understanding of the fundamental philosophical concerns of religion such as ethics metaphysics and the nature and form of salvation Studying such material is meant to give one a richer and more sophisticated understanding of human beliefs and practices regarding the sacred numinous spiritual and divine In the field of comparative religion the main world religions are generally classified as Abrahamic Indian or Taoic

In the study of comparative religion the category of Abrahamic religions consists of the three monotheistic religions Christianity Islam and Judaism which claim Abraham as a part of their sacred history Comparative mythology is the comparison of myths from different cultures in an attempt to identify shared themes and characteristics Comparative mythology has served a variety of academic purposes For example scholars have used the relationships between different myths to trace the development of religions and cultures to propose common origins for myths from different cultures and to support various psychological theories The book is intended to assist students and teachers who are interested in this subject

Contents Christianity and its Philosophy Islamic Beliefs and Philosophy Hinduism and its Philosophy Buddhism and its Philosophy Sikhism and its Philosophy Jainism and its Philosophy Confucianism and its Philosophy **Religion** John Gaines Vaughan,2015-06-02 Excerpt from Religion A Comparative Study The author has a definite purpose in offering this book to the public He is aware that there are many valuable works on the subject of Comparative Religion He regards some of them as too voluminous and technical for the average reader who is seeking an intelligent understanding of the Great Religions of the world Others show unmistakable signs of having been made in Germany and as being a part of the destructive higher criticism that has done harm to the cause of Christianity Some of these volumes are admirable in every way but are so condensed they do not give a general survey of the field The present work will doubtless prove equally unsatisfactory to many readers but if others get as much pleasure and profit from its perusal as the author has in its preparation he will be well paid We have treated the subject under three general heads I The Science of Comparative Religion II The History of Religions III The Comparison of Religions The religious idea is one and innate but as this idea is expressed by different peoples it is colored by the medium through which it passes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Classical Approaches to the Study of Religion** Jacques Waardenburg,1999 No detailed description available for Classical Approaches to the Study of Religion Comparative Study of Religions and Its Importance for Christianity Spiess,1874 **Considering Comparison** Oliver Freiberger,2019-01-02 The comparative method is an integral part of religious studies All the technical terms that scholars of religion use on a daily basis such as ritual hagiography shrine authority fundamentalism hybridity and of course religion are comparative terms Yet comparison has been subject to criticism including postcolonialist and postmodernist critiques Older approaches are said to have used comparison primarily to confirm preconceptions about religion More recently comparison has been criticized as an act of abstraction that does injustice to the particular neglects differences and establishes a mostly

Western power of definition over the rest of the world In this book Oliver Freiberger takes a closer look at how comparison works Revisiting critical debates and examining reflections in other disciplines including comparative history sociology comparative theology and anthropology Freiberger proposes a model of comparison that is based on a thorough epistemological analysis and that takes both the scholar s situatedness and his or her agency seriously Examining numerous examples of comparative studies Considering Comparison develops a methodological framework for conducting and evaluating such studies Freiberger suggests a comparative approach which he calls discourse comparison that confronts the omnipresent risks of decontextualization essentialization and universalization This book makes a case for comparison arguing that it is indispensable for a deeper analytical understanding of what we call religion The book is intended to enrich the practice of both aspiring and seasoned comparativists stimulate much needed further discussions about comparative methodology and encourage more scholars to produce responsible comparative studies *The Comparative Study of Religions ... Edited with an Introduction by Joseph M. Kitagawa* Joachim Wach, Joseph Mitsuo KITAGAWA, 1958

Interreligious Comparisons in Religious Studies and Theology Perry Schmidt-Leukel, Andreas Nehring, 2016-07-14 Can religions be compared For decades the discipline of religious studies was based on the assumption that they can Postmodern and postcolonial reflections however raised significant doubts In social and cultural studies the investigation of the particular often took precedence over a comparative perspective Interreligious Comparisons in Religious Studies and Theology questions whether religious studies can survive if it ceases to be comparative religion Can it do justice to a globalized world if it is limited on the specific and turns a blind eye on the general While comparative approaches have come under strong pressure in religious studies they have started flourishing in Theology Comparative theology practices interfaith dialogue by means of comparative research This volume asks whether theology and religious studies are able to mutually benefit from their critical and constructive reflections Can postcolonial criticism of neutrality and objectivity in religious studies create new links with the decidedly perspectival approach of comparative theology In this collection scholars from theology and religious studies discuss the methodology of interreligious comparison in the light of recent doubts and current objections Together with the contributors Perry Schmidt Leukel and Andreas Nehring argue that after decades of critique interreligious comparison deserves to be reconsidered reconstructed and reintroduced **Comparative Religion** E. O. James, 2025-09 First published in 1938 Comparative Religion presents a comparative study of the history of religion intended primarily as a textbook for students with references and full bibliography of relative literature It is also designed to give the general reader an account of religious thought and practice in the light of recent research from rudimentary beginnings through the great religions of antiquity Egypt Babylonia Greece Rome to the higher living religions of today Hinduism Buddhism Confucianism Judaism and Christianity This is an interesting historical reference work for students of comparative religion **The Comparative Study of Religions. Edited with an Introd. by Joseph M. Kitagawa** Joachim Wach, 1969

Religious Studies Gregory D. Alles, 2010-03 Drawing on recent developments in the comparative study of religion this book explores the trends of the past sixty years from a global perspective Each of the ten chapters covers the study of religion in a different region of the world from Europe and the Americas to Asia and the Far East Topics covered include local background to the study of religions formation of religious studies in the region important thinkers and writings institutions interregional diversity and interregional connections emerging issues This book is a major contribution to the field of religious studies and a valuable reference for scholars researchers and graduate students

The Comparative Study Of Religions Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Comparative Study Of Religions PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Comparative Study Of Religions PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Comparative Study Of Religions free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Comparative Study Of Religions Books

1. Where can I buy The Comparative Study Of Religions books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
