**Pyramid Quest** Robert M. Schoch,Robert Aquinas McNally,2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings

The Pyramid Texts are the oldest body of extant literature from ancient Egypt. First carved on the walls of the burial chambers in the pyramids of kings and queens of the Old Kingdom, they provide the earliest comprehensive view of the way in which the ancient Egyptians understood the structure of the universe, the role of the gods, and the fate of human beings after death. Their importance lies in their antiquity and in their endurance throughout the entire intellectual history of ancient Egypt. This volume contains the complete translation of the Pyramid Texts, including new texts recently discovered and published. It incorporates full restorations and readings indicated by post-Old Kingdom copies of the texts and is the first translation that presents the texts in the order in which they were meant to be read in each of the original sources. Paperback edition is available from the Society of Biblical Literature, [www.sbl-site.org](http://www.sbl-site.org). *Learning*, 1978. **The Space Colony and Its Constitution: Teacher's handbook**, Margit Elizabeth McGuire, 1998. **Paperbound Books in Print**, 1991. *The Multimedia and CD-ROM Directory*, 1997.
