

**THE COMPLETE
WILD BODY**

WYNDHAM LEWIS

EDITED BY BERNARD LAFOURCADE

The Complete Wild Body

Terry Smith

The Complete Wild Body:

The Complete Wild Body Wyndham Lewis, Bernard Lafourcade, 1982 Short stories depicting the encounters of the humorist Ker Orr with strange characters present a satirical view of society

The Cinema and the Origins of Literary Modernism Andrew Shail, 2012 This book examines early British film and film culture as a substantial context for the emergence of modernism in literature The study considers Conrad Joyce Woolf Yeats and Eliot and treats literary modernism as a consequence of cinema's new accounts of language time collectivity and the self

Modernisms Peter Nicholls, 2017-10-07 Peter Nicholls provides original analytic accounts of the main Modernist movements Close readings of key texts monitor the histories of Futurism Expressionism Cubism Dadaism and Surrealism This new edition includes discussion of the recent research trends examination of developments in the US and a new chapter on African American Modernisms

In Visible Touch Terry Smith, 1997 This collection of essays explores the representation of heterosexual masculinity embodied in modernist art It examines such major modernists as Cezanne Caillebotte Matisse Wyndham Lewis and Boccioni to offer a history of how artists sought to shape their sexuality in their work

Framing Literary Humour Jeanne Mathieu-Lessard, 2020-01-23 Contrary to what their oppressive design would lead us to believe might structures of imprisonment actually incite humour Starting from the most obvious areas of imprisonment war camps prison cells and moving to the less obvious masks bodies Framing Literary Humour demonstrates how 20th century humour in theory and in fiction cannot be fully understood without a careful look at its connection with the notion of imprisonment Understanding imprisonment as a concrete spatial setting or a metaphorical image Jeanne Mathieu Lessard analyses selected works of Romain Gary Giovannino Guareschi Wyndham Lewis Vladimir Nabokov and Luigi Pirandello to reconfigure confinement as an essential structural condition for the emergence of humour

The Agon of Modernism Anne Quéma, 1999 Lewis's political writings present ambiguities his stated belief in the autonomy of art from life is contradicted by other statements he made and by his critical analyses of writers and his political writings blur any a priori generic distinction between art and non art Given this blurring between art and life artistic genre and non artistic genre Quéma claims that Lewis's political texts present characteristics usually attributed to avant gardism However this radicalism has to be balanced against Lewis's conservatism Thus his political writings can be read as allegories with two pragmatic aims to organize the life of the polis from an artistic standpoint and to persuade the reader to adhere to authoritarian politics

BOOK JACKET

Literature, Politics, and the English Avant-Garde Paul Peppis, 2000-02-10 Accounts of the historical avant garde and of high modernism often celebrate the former for its revolutionary aesthetics or denigrate the latter for its proto fascist politics In Literature Politics and the English Avant Garde Paul Peppis shows how neither interpretation explains the writings of avant gardists in early twentieth century England Peppis reads texts by writers such as Ford Madox Ford Wyndham Lewis Dora Marsden and Ezra Pound alongside English political discourse between the death of Victoria and the end of the Great War He

traces the impact of nation and empire on the avant garde arguing that Vorticism England s foremost avant garde movement used nationalism to advance literature and avant garde literature to advance empire Peppis s study demonstrates that these ambitions were enabled by a period conception of nationality as an essence and construct By recovering these neglected aspects of avant garde politics Peppis s book opens important avenues for assessing modernist politics after the war The Complete Wild Body.
