Smith**, 1911 The Escapades of Tribulation Johnson Karen Brooks, 2023-07-01 From the author of *The Good Wife of Bath* comes this brilliant recreation of the vibrant optimistic but politically treacherous world of London's Restoration theatre where we are introduced to the remarkable playwright Aphra Behn now a feminist icon but then an anomaly who gravitated to the stage a place where artifice and disguise are second nature and accommodates those who do not fit in Karen Brooks demonstrates her considerable talent for capturing the historical moment in this richly told immersive read that will acquaint readers with a woman whose name we should all know Pip Williams author of *The Bookbinder of Jericho* It's 1679 and into the tumult politics and colour of Restoration London and its lively theatre scene comes the fierce and opinionated Tribulation Johnson Cast out from her family as ungodly and unworthy Tribulation is determined to forge her own remarkable path Arriving in London Tribulation is astonished to discover that the widowed cousin she's been sent to live with is none other than the most infamous woman in London the former spy and traitor's mistress the playwright and polemical poetess Aphra Behn Tribulation cannot believe her good fortune as she is thrust into city life and the heady mercurial milieu of the theatre Under Aphra's guidance Tribulation is encouraged to write think and speak for herself But women aren't supposed to have a voice or ideas let alone wield a pen and write for a living and there are harsh consequences for those who don't obey society's rules Together Aphra and Tribulation must not only face vilification and mockery but terrible danger as plots to overturn the monarchy gather pace When someone from Aphra's complicated past reappears the women's loyalties to King country and ultimately each other are bitterly tested Can their relationship survive the burning fires of religious hatred suspicion and deceit When everyone plays a part and all the world's a stage who do you trust Praise for Karen Brooks So damn readable and fun This is the story of a woman fighting for her rights it breaches the walls of history The Australian All women together ought to let flowers fall upon the tomb of Aphra Behn Karen Brooks has done better She has revived Aphra and her words *The Newtown Review of Books* **The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney** William Dwight Whitney, Benjamin Eli Smith, 1903 *A Periodic Tale* Karl Kruszelnicki, 2024-09-01 How did a shy Polish immigrant kid Karl Sven Woytek Sas Konkovitch Matthew Kruszelnicki evolve into the fabulously eccentric Dr Karl

Shortlist ABIA Biography of the Year 2025 The only child of Holocaust survivors who fled to Australia in 1950 Karl has always forged his own destiny in an idiosyncratic way Before he became one of the world s favourite scientific storytellers he ambled through a convoluted cacophony of a career In the 1960s he got his start as a physicist at the Port Kembla Steelworks and promptly joined the Steel Industries Auto Club racing modified rally cars on Wollongong s deserted back roads In the 1970s he entered his self described drug crazed hippie years making a living as a long haired dope smoking taxi driver After he applied to be a NASA astronaut in the 1980s and failed he ended up live broadcasting the first space shuttle launch on Triple J instead Unexpectedly that blasted off his media career and from there it was a stratospheric rise from radio to TV books newspapers speaking podcasts and the internet Karl s story teaches us that you don t have to know all the answers as long as you ask the right questions He has wandered down more than a dozen career paths from being a TV weatherman really to a professional four wheel drive tester in the outback really to being a roadie for Bo Diddley really All of these seemingly random experiences have helped create the Karl we know today In this long awaited memoir you will learn that it s okay to not take a linear path through life and that by following our curiosities and our passions we can bend the universe to our liking
