**Coward's Composition - I** Prathik Kumar, 2026-03-14 Paris 1824 A dying painter completes his masterpiece a vast canvas depicting one hundred soldiers marching toward a frozen horizon The work is precise disciplined and historically faithful But when the paint dries the count is wrong There are one hundred and one Decades later a watchmaker is found dead on the Silent Road his body arranged with unsettling precision The wound is surgical The footprints are measured And among the evidence lies an old coin from the year 1812 Inspector Thorne begins an investigation that reveals an impossible pattern military relics vanished regiments and objects that seem to belong to a war long finished Yet something remains unaccounted for A soldier history never recorded A presence hidden behind the fourth rank And a shadow that refuses to stay forgotten

The Coward's Composition is a historical mystery of memory precision and the quiet terror of what happens when the past refuses to remain complete

**Her Name Was Rain** Sanchi K., 2026-03-21

Some people come into your life like weather uninvited uncontrollable unforgettable Noah Clarke believes in structure in futures carefully drawn and houses meant to last Rain Ellis believes in motion in leaving before love can ask for permanence When they meet on a night soaked in thunder and chance something irrevocable begins a love that burns bright fast and dangerously deep Told through Noah's memories Her Name Was Rain is a haunting reflection on a love that arrived like a sudden storm overwhelming and transformative As Noah looks back on the moments that shaped them the passion the fractures the quiet warnings he chose to ignore he begins to understand the truth he couldn't see then some people are not meant to be saved only experienced When Rain disappears she leaves only a letter behind and the echo of what they were and the ache of what might have been Years later as Noah learns to live with the memory rather than the loss he wonders if some loves are meant to pass like weather changing us without staying and if somewhere beyond the storm two people who once drowned might someday learn how to be saved quietly and meet again under clearer skies
