Uncollecting Cheever:

Uncollecting Cheever Anita Miller, 2014-05-01 The story of how little Academy Chicago Publishers co owned by the author and her husband Jordan Miller tried to publish the late John Cheever s uncollected short stories and was blocked from doing so by Cheever s family is now a familiar part of publishing lore and law **The Impossible Craft** Scott Donaldson, 2015-02-23 In *The Impossible Craft* Scott Donaldson explores the rocky territory of literary biography the most difficult that biographers try to navigate Writers are accustomed to controlling the narrative and notoriously opposed to allowing intruders on their turf They make bonfires of their papers encourage others to destroy correspondence write their own autobiographies and appoint family or friends to protect their reputations as official biographers Thomas Hardy went so far as to compose his own life story to be published after his death while falsely assigning authorship to his widow After a brief background sketch of the history of biography from Greco Roman times to the present Donaldson recounts his experiences in writing biographies of a broad range of twentieth century American writers Ernest Hemingway F Scott Fitzgerald John Cheever Archibald MacLeish Edwin Arlington Robinson Winfield Townley Scott and Charlie Fenton Donaldson provides readers with a highly readable insiders introduction to literary biography He suggests how to conduct interviews and what not to do during the process He offers sound advice about how closely biographers should identify with their subjects He examines the ethical obligations of the biographer who must aim for the truth without unduly or unnecessarily causing discomfort or worse to survivors He shows us why and how misinformation comes into existence and tends to persist over time He describes the mythical ideal biographer an imaginary creature of universal intelligence and myriad talents beyond the reach of any single human being And he suggests how its very impossibility makes the goal of writing a biography that captures the personality of an author a challenge well worth pursuing Foundational Principles of Contract Law Melvin A. Eisenberg, 2018-09-20 This one volume treatise sets out the principles and rules of contract law placing an emphasis on what the principles and rules of contract law should be based on policy morality and experience This book offers a unique approach to contract law from a critical perspective as an organic dynamic subject **More Matter** John Updike, 2009-02-19 In this collection of nonfiction pieces John Updike gathers his responses to nearly two hundred invitations into print each an opportunity to make something beautiful to find within oneself a treasure that would otherwise remain buried Introductions reviews and humorous essays paragraphs on New York religion and lust here is more matter commissioned by an age that as the author remarks in his Preface calls for real stuff not for the obliquities and tenuosities of fiction Still the novelist s shaping hand his gift for telling detail can be detected in many of these literary considerations Books by Edith Wharton Dawn Powell John Cheever and Vladimir Nabokov are incisively treated as are biographies of Isaac Newton Abraham Lincoln Queen Elizabeth II and Helen Keller As George Steiner observed Updike writes with a solicitous almost tender intelligence The critic and the poet in him are at no odds with the novelist the same sharpness of apprehension

bears on the object in each of Updike's modes *Journal of American Studies*, 2001 **CBA Record**, 1999 Basic Contract Law Lon Luvois Fuller, Melvin Aron Eisenberg, 2006 The Eighth Edition continues the approach of earlier editions in emphasizing rich full bodied versions of the principal cases and a functionalist approach to the problems of contract law The new edition includes a great number of new principal cases and case notes as well as longer analytical notes on such issues as the differences between classical and modern contract law the role of the limits of cognition in contract law and the role of probability in measuring uncertain contract damages The emphasis of previous editions on international contract law continues in this new edition *Library and Information Science Annual. Volume 7* Bohdan S. Wynar, 1999 **The Legal Studies Forum**, 2001 **Current Contents**, 1999 *Recent Acquisitions* Ohio State University. College of Law. Library, 1999 *The New Republic* Herbert David Croly, 1998 **America, History and Life**, 2002 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Current Law Index**, 2000 **Current Contents.
