## **YOU ARE UNCONDITIONAL JOY**

**A frequency that is unconditional is self sufficient. It does not depend on anything external for its existence. The closest analogy that comes to mind is the Sun. Who you are as energy, does not depend on anything external for your existence. That is why you, as energy beings are capable of unconditional joy as your joy is not dependent on anything external for its existence.**

**Kierkegaard and Dostoevsky** Petr Vaškovíc, 2024-10-21. The book brings together the philosophy of Søren Kierkegaard with that of another prominent proto-existentialist thinker, Fyodor Dostoevsky. Asking the question "What constitutes an authentic Christian life," the book explores the answer given by both authors, which is that one should rid oneself of selfish inclinations and strive for a life of faith that revolves around the virtues of humility and non-preferential love. However, as we learn from Dostoevsky and Kierkegaard, becoming an authentic individual is no easy task, and the book goes on to examine the obstacles that lie in the path of individual existential self-development. The book then examines the ways in which the various characters and pseudonymous authors who populate Dostoevsky's and Kierkegaard's books struggle in their attempts to become authentic ethical and religious individuals. The examination of this struggle, termed existential entrapment and defined as the inability to progress on the path of one's existential self-development, forms the core of the book and helps to map out the ethical-religious landscape of Dostoevsky's and Kierkegaard's thought.

*Kierkegaard's Ontology* Casey Spinks, 2026-02-05. For Kierkegaard to be is to be in relationship to God. Bringing this understanding to Kierkegaard's authorship helps uncover his fundamental ontology.

**The Kierkegaardian Mind** Adam Buben, Eleanor Helms, Patrick Stokes, 2019-05-02. Søren Kierkegaard (1813-1855) remains one of the most enigmatic, captivating, and elusive thinkers in the history of European thought. *The Kierkegaardian Mind* provides a comprehensive survey of his work, not only placing it in its historical context but also exploring its contemporary significance. Comprising thirty-eight chapters by a team of international contributors, this handbook is divided into eight parts covering the following themes: Methodology, Ethics, Aesthetics, Philosophy of Religion and Theology, Philosophy of Mind, Anthropology, Epistemology, and Politics. Essential reading for students and researchers in philosophy, Kierkegaard's work is central to the study of political philosophy, literature, existentialist thought, and theology.

Christian Discourses Søren Kierkegaard, 2007. The International Kierkegaard Commentary. For the first time in English, the world community of scholars systematically assembled and presented the results of recent research in the vast literature of Søren Kierkegaard. Based on the definitive English edition of Kierkegaard's works by Princeton University Press, this series of commentaries addresses all the published texts of the influential Danish philosopher and theologian. This is volume 17 in a series of commentaries based upon the definitive translations of Kierkegaard's writings published by Princeton University Press (1980ff).
