*The Right to Write* Julia Cameron, 2017-12-05 We should write because it is human nature to write Julia Cameron In *The Right to Write* Julia Cameron's most revolutionary book the author asserts that conventional writing wisdom would have you believe in a false doctrine that stifles creativity This isn't a book of rules and certainly not about how to write that query letter how to find a market for your work or how to find an agent It's about using writing to bring clarity and passion to the act of living The secrets in breaking loose from the grip of your established thought process to unleash the wave of creativity striving to express itself within Here are techniques and illustrative stories to help you make writing a natural intensely personal part of life And this book includes the details of Cameron's own writing processes when creating her best selling books which include the phenomenal and world famous *The Artist's Way* and *Vein of Gold* For those jumping into the writing life for the first time and for those already living it the art of writing will never be the same after reading this book Provocative thoughtful and exciting you'll return to it again and again as you seek to liberate and cultivate the writer residing within you
