Viking Warrior:

Weapons of the Viking Warrior Gareth Williams, 2019-01-24 Between the late 8th and late 11th century Viking warriors had a massive impact not just in northern Europe but across a huge arc from the western Mediterranean round through northern Europe and the Baltic to the Middle East and Central Asia Their success depended in part on their skills in battle their unique sense of strategic mobility and on the quality of their weapons and equipment Written by an expert on early medieval weaponry this book examines the weapons of the typical Viking warrior dispels some of the myths of the popular image such as double headed axes and considers the range of weapons that actually underpinned the Vikings success including bows and arrows Drawing upon contemporary literary and historical accounts from the North Atlantic to the Arab world surviving examples of weapons and armour and practical experimentation and reconstructions by modern weapon smiths and re enactors this study casts new light on how Viking weapons were made and used in battle *Viking Warrior vs Frankish Warrior* Noah Tetzner, 2022-04-28 Fully illustrated this absorbing study assesses the warriors fighting on both sides during the Vikings attacks on the Frankish realm in the 9th century as raiding escalated into full scale siege warfare On the eve of the 9th century Vikings first raided the Frankish Empire on the coast of what is now western France Although this attack ended in disaster for the Scandinavians Charlemagne reportedly wept not in fear of his own life but for the ensuing bloodshed brought upon his successors Mobile parties of highly skilled Viking warriors would continue to raid Francia for decades as these attacking contingents grew more numerous they began to assail powerful centres besieging Paris in 845 and again in 885 To combat the Viking threat Frankish kings mustered scores of infantrymen then subsequently transitioned to cavalry based forces in the 9th century The dynamic nature of Viking activity in Francia meant that numbers and mobility would determine the fate of Charlemagne s Holy Roman Empire This study documents the evolving trial of strength between the Vikings and the Franks under Charlemagne and his successors Through a careful synthesis of primary sources expert analysis and the archaeological record the author invites the reader to visualize the fighting men who fought one another in Francia and offers a balanced assessment of their successes and failures over decades of warfare during the Viking Age **Vikings**, 2026-03-26 A colourful exploration into the history training weapons lifestyles and legacy of the Vikings *The Lost Diary of Eric Bloodaxe, Viking Warrior* Steve Barlow, 1997 **Ragnar Lothbrok** University Press, 2019-05-05 University Press returns with another short and captivating portrait of one of history s most compelling figures Ragnar Lothbrok Ragnar Lothbrok was a legendary Viking A warrior king whose exploits in battle won him the fierce loyalty of his people and the name Shaggy Breeches he and his armies sowed terror as they invaded their way across 9th century Europe The story of Ragnar Lothbrok s life emerges from the misty depths of the early Middle Ages in the form of a rich oral tradition of Norse legend He may be remembered for plundering cities but upon his death he left behind new trade routes throughout Europe and many sons who would carry on their father s traditions This short book tells the intensely
