War Crimes:

War Crimes Against Women Kelly Dawn Askin, 1997 Of the ICTY **War Crimes, Genocide, and Justice D.** Crowe, 2014-01-15 In this sweeping definitive work historian David Crowe offers an unflinching account of the long and troubled history of genocide and war crimes From ancient atrocities to more recent horrors he traces their disturbing consistency but also the heroic efforts made to break seemingly intractable patterns of violence and retribution **War Crimes and Justice** Howard Ball, 2002-11-15 A thorough introduction to the laws of war the savagery of war crimes and the international system that demands justice How do you speak of the unspeakable and defend the indefensible War Crimes and Justice A Reference Handbook thoroughly examines the laws of war and how the world community handles the monstrous brutalities of war through the international justice system Highlighted are 20th century war crimes and trials including Yugoslavia Kosovo and the Kerry incident in Vietnam Also covered are the four international tribunals established to punish violators in Nuremberg Tokyo Yugoslavia and Rwanda Pulitzer Prize nominated author Howard Ball discusses those who committed unspeakable acts during war others who sought justice for victims and case studies portraying both victims and perpetrators Significant treaties and conventions are explored as well as all the options available to nations emerging from the throes of bloody civil wars to ensure peace with justice **Prosecuting War Crimes and Genocide** Howard Ball, 1999 Combining history politics and critical analysis he revisits the killing fields of Cambodia documents the three month Hutu machete genocide of about 800 000 Tutsi villagers in Rwanda and casts recent headlines from Kosovo in the light of these other conflicts BOOK JACKET *Liability for Official War Crimes* Clifford Allan Hereshoff Bartlett, 1919 **Propaganda, War Crimes Trials and International Law** Predrag Dojcinovic, 2013-03-01 First Published in 2012 Propaganda War Crimes Trials and International Law addresses the emerging jurisprudence and international law concerning propaganda in war crimes investigations and trials The role of propaganda in the perpetration of atrocities has emerged as a central theme in the war crimes trials in the past century The Nuremberg trials initially and the International Criminal Tribunal for the former Yugoslavia and the International Criminal Tribunal for Rwanda currently have all substantially contributed to the development of international law in this respect Investigating and exploring the areas between lawful and unlawful propaganda they have dealt with specific mechanisms and consequences of the phenomenon within the perspective and framework of their international legal mandates But the cultural codes and argots through which propaganda operates have vexed international courts struggling to assign responsibility to the instigators of mass crimes as subtle but potentially fatal communications often remain undetected misinterpreted or even dismissed as entirely irrelevant With contributions from leading international scholars and legal practitioners Propaganda War Crimes Trials and International Law pursues a comparative approach to this problem providing an overview of the current state of the theory of propaganda in the social sciences exploring this theory in the legal analysis of war crimes and related proceedings and finally offering a study of the

prosecution of propaganda related crimes in international law and the newly emerging jurisprudence of war crimes
propaganda cases **Encyclopedia of War Crimes and Genocide** Leslie Alan Horvitz, Christopher
Catherwood, 2014-05-14 Entries address topics related to genocide crimes against humanity and peace and human rights
violations profile perpetrators including Joseph Stalin Pol Pot and Idi Amin and discuss institutions set up to prosecute these
crimes in countries around the world **Australia's War Crimes Trials 1945-51** Georgina Fitzpatrick, Timothy L.H.
McCormack, Narrelle Morris, 2016-08-29 This unique volume provides a detailed analysis of Australia's 300 war crimes trials
of principally Japanese accused conducted in the immediate aftermath of the Second World War Part I contains contextual
essays explaining why Australia established military courts to conduct these trials and thematic essays considering various
legal issues in and historical perspectives on the trials Part II offers a comprehensive collection of eight location essays one
each for the physical locations where the trials were held In Part III post trial issues are reviewed such as the operation of
compounds for war criminals the repatriation of convicted Japanese war criminals to serve the remainder of their sentences
and reflections of some of those convicted on their experience of the trials In the final essay a contemporary reflection on the
fairness of the trials is provided not on the basis of a twenty first century critique of contemporary minimum standards of fair
trial expected in the prosecution of war crimes but by reviewing approaches taken in the trials themselves as well as from
reactions to the trials by those associated with them The essays are supported by a large collection of unique historical
photographs maps and statistical materials There has been no systematic and comprehensive analysis of these trials so far
which has meant that they are virtually precluded from consideration as judicial precedent This volume fills that gap and
offers scholars and practitioners an important and groundbreaking resource **War Crimes** Aryeh Neier, 1998 In the five
decades after the Nuremberg trials not one single international trial for war criminals took place until 1993 In that year a
court was finally set up at the urging of Aryeh Neier and other high profile activists to judge and sentence war criminals from
the former Yugoslavia In War Crimes Neier argues for the creation of a permanent tribunal at the U N and shows how the
continuing absence of such a tribunal is the result of paranoia on the part of governments worldwide He addresses conflicts
in Rwanda the former Yugoslavia South Africa Cambodia and the occupied territories of Israel This is a powerful and sure to
be controversial book **War Crimes Tribunal** , 1968 **A World History of War Crimes** Michael S. Bryant, 2021-01-28 The
greatly expanded and enhanced 2nd edition of A World History of War Crimes provides an authoritative and accessible
introduction to the global history of war crimes and the laws of war Tracing human efforts to limit warfare from codes of war
in antiquity designed to maintain a religiously conceived cosmic order to the gradual use in the modern age of the criminal
