

WHY HAVE ALMOST ALL CIVILIZATIONS BUILT PYRAMID-SHAPED BUILDINGS?

THE ARCHAEOLOGIST

Why Pyramids

A. Sharp; M. Varav; I. Varav

Why Pyramids:

I Wonder Why Pyramids Were Built and Other Questions about Ancient Egypt Philip Steele, 2002 Designed to amuse and intrigue the young reader this book combines cartoons with facts and simple analogies to provide an introduction to the mysteries of Ancient Egypt Carefully pitched at children aged five and over the facts in the book are presented in a lively style

The Great Pyramid - The Message of the Pharaoh A. Sharp; M. Varav; I. Varav, 2011-10-28 Anyone who wants to solve a mystery of the building of the Egyptian pyramids would say this with prejudice How can I find out the truth if I've never seen the pyramids I have to see them first The paradox is born The Pyramids of Giza plateau have a magical attribute When you look at them when you touch them you become a hopeless loser instead of an optimistic searcher The size of the stones uneven rows with break off edges bring mess in your mind The pyramids become even more incomprehensible than before Meanwhile the pyramids same as the stars or planets can be solved without being up there You just have to turn on your imagination calculation and logic You do not have to see them at all Moreover you should not see them if you really want to solve them Strangely but there is a paradox We authors of this book were lucky We've seen pyramids only on TV and books And that fact brought bunch of questions which we wanted answers Free of passion we started to work with this problem with huge desire and full of optimism The result exceeded the expectations The right hypothesis from the beginning healthy logic and mathematical calculations gave birth to discoveries one after another The more we were working with this mystery the more it became clearer understandable and explainable Dear Reader When you finish reading this book you might say this One of the greatest mysteries of the world does not exist anymore

Plane and Solid Geometry Elmer Adelbert Lyman, 1908

The Fourth Step: Survival of the Noblest Edward R. Hungerford, 2015-11-06 Johnny Drummer is a brilliant trial attorney and Vietnam vet living in Houston On the outside Johnny appears successful But on the inside Johnny is wrestling with discontent After deciding it is time to follow his heart Johnny develops a new plan for his life and leaves for Peru Soon after his arrival Johnny befriends Enrique Taurus a bull of a man with a mysterious past who invites him on lively adventures in the Amazon jungle When a British archaeologist summons the friends to Guyana without explanation they willingly travel to learn what he wants help finding a lost Atlantean colony and the reason for the 1925 disappearance of famous explorer Colonel Percy Fawcett But not long after Professor Troy Johnny and their guide Bull embark on new jungle adventures they are attacked by native headhunters After being rescued by aliens Johnny learns he has been chosen to defend the human race from extinction Despite the odds against him Johnny enters the game with only one goal to win In this sci fi adventure an eccentric attorney partners with an old archeologist to defend human history as Earth awaits a chance for change

Pyramids Michael O'Neal, 1995 Different perspectives on the purpose meaning of pyramids the mysteries surrounding them

Why Leaders Fail and Plunge the Innocent into a Sea of Agonies AGOLA AUMA-OSOLO, 2013-11-18 This book is a diagnosis of the cause effects of leadership failure endemic that has often plunged

the innocent mankind globally into a sea of various agonies throughout all generations Because of the criticality of the failures of leadership and the crucial aim of science and professional ethic to save humanity from every danger of insecurity the book employs an interdisciplinary approach in order to not only achieve the aim but also be exhaustively thorough vis vis the identity and behavior of the mysteries surrounding the root cause of this particular problem that seems to have always evaded full recognition of previous etiological efforts It does so in order that the root cause may no longer continue to cause further havoc to humanity with total impunity On the strength of this approach and also being cognizant to the fact that man always perishes due to either lack of knowledge or to his despise of knowledge Hosea 4 6 the book discovers that since antiquity during our patriarch Adam to the present agonies of destruction of life property and the environment caused by leadership poverty abound and is globally increasing very alarmingly on the equal proportion with the growth of our civilization which could easily lead to a global catastrophe the given presence of the monuclear weaponry These agonies arise from intra and interstate strifes and displaced persons exodus madly in search of a safe haven kleptocracy justice sale contrary to a leaders oath of office and professional ethics etc which consequently leads to the innocents frustration anger and retaliation in the form of strikes terrorism coup detat etc against the source of their frustration But although mankind has to date achieved commendable discoveries in both bioscience and physical science for reliable remedies to human agonies caused by both natural and man made disasters unfortunately such substantive achievements have not been witnessed in both social and behavioral sciences against the root cause of bad governance which has been the principal causal factor to perpetual man made agonies to humanity Consequently from its etiology of this bad governance the book unearths mans habitual dishonesty and disobedience to his own oath of office and Gods commandment to every leader contained in the Holy Bible under 2 Samuel 23 24 ordering that one must be just to all that one rules over in conformity to ones oath of office as actual root causes The book confirms these as being responsible for all leadership failures ranging from the patriarch Adams leadership to leadership failures of various kingdoms of Old Israel and during our own generation today The latter include the colonial leaders followed by leaders of independent Africa who like Judas Iscariot paradoxically continue to betray and sentence their innocent African continent people to perpetual agonies of poverty diseases corruption and other various symptoms of underdevelopment and dependency in a contravention of their own original promises during their struggle for independence from colonialism and imperialism and also their own vow during their oath of office as leaders of Independent Africa Thus the significance of this book to both academia and total humanity for their etiological efforts against the vice
