

# Things Working

**George MacDonald**

## Things Working:

**Founders at Work** Jessica Livingston, 2008-11-01 Now available in paperback with a new preface and interview with Jessica Livingston about Y Combinator Founders at Work Stories of Startups Early Days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days These people are celebrities now What was it like when they were just a couple friends with an idea Founders like Steve Wozniak Apple Caterina Fake Flickr Mitch Kapor Lotus Max Levchin PayPal and Sabeer Bhatia Hotmail tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company Where did they get the ideas that made them rich How did they convince investors to back them What went wrong and how did they recover Nearly all technical people have thought of one day starting or working for a startup For them this book is the closest you can come to being a fly on the wall at a successful startup to learn how it's done But ultimately these interviews are required reading for anyone who wants to understand business because startups are business reduced to its essence The reason their founders become rich is that startups do what businesses do create value more intensively than almost any other part of the economy How What are the secrets that make successful startups so insanely productive Read this book and let the founders themselves tell you *This Isn't Working* Meghan French Dunbar, 2025-08-05 From leadership expert Meghan French Dunbar a timely and necessary book Deepa Purushothaman author of The First The Few The Only that shows business leaders and workers how to boost performance while improving workplaces for women and ultimately everyone Lean in Rise and Grind Work smarter not harder Many books for women promise tips and tricks to achieve wealth and success in a business world made by men But on the way to the top most women leaders and many men too struggle with anxiety stress guilt and burnout Playing by the rules in a male dominated game isn't working for anyone This Isn't Working inspires women to reexamine how we do business and shows there are much healthier more fulfilling ways to succeed in the business world that don't require sacrificing ourselves In this book Meghan French Dunbar shares the insights frameworks and practical advice she has learned from over a decade of work with impactful women business leaders from start up founders to multinational CEOs She argues that it's time to move beyond business cultures marked by competition and aggression and instead embrace healthier leadership and workplace practices which are proven to yield better results This Isn't Working provides readers with an empathetic and honest business playbook for improving individual and business performance so that everyone can thrive **The Complete Works** George MacDonald, 2022-11-13 In The Complete Works George MacDonald offers an extensive collection of his literary masterpieces encompassing poetry novels and fairy tales that delve into themes of spirituality morality and the power of imagination MacDonald's writing is characterized by its lyrical prose and deep philosophical underpinnings often reflecting the influence of Romanticism and early Victorian beliefs His narratives frequently intertwine the fantastical with the moral inviting readers to traverse realms where the ethereal meets the tangible making this collection not just a

showcase of his literary talent but a significant exploration of human experience and divine grace George MacDonald 1824-1905 was not only a novelist but also a fervent theologian whose religious convictions deeply informed his prose He is often regarded as a precursor to modern fantasy literature influencing prominent figures such as C S Lewis and J R R Tolkien MacDonald's experiences in the Scottish Highlands and his embrace of Christian Universalism shaped his narrative vision allowing him to portray both the struggles and redemptive arcs of his characters in profoundly relatable ways The Complete Works is highly recommended for both the casual reader and the scholarly enthusiast offering a rich tapestry that reflects the depth of human experience through the lens of divine love and wonder This collection serves as an essential entry point to understanding the evolution of fantasy literature and the theological paradigms that informed MacDonald's groundbreaking work

**Unity**, 1905

**Advances in Vocational Psychology** W. Bruce Walsh, Samuel H. Osipow, 2013-05-13 Advances in Vocational Psychology devoted to presenting and evaluating important advances in the field of interest measurement Progress in three well known interest inventories the Strong Campbell Interest Inventory the Kuder Occupational Interest Survey and the Self Directed Search is closely examined A focus on innovations in interest measurement directs attention to how more recent instruments provide technical and conceptual advances over older more reliable ones Both research and counseling perspectives combine to provide a well balanced guide to the study of vocational psychology How interest inventories can be used beneficially in the career counseling of minority and majority populations is also explored

**Good Works; or, "Things that accompany salvation": being a series of chapters on the Methodist Rules** William Shaw CALDECOTT, 1875

**Become The Best You** Bruce Francois, 2020-03-23 Are you living a fulfilled life Are you being the best person you can be Are you living up to your full potential Are you happy where you're going in life Do you know your purpose in life These are important questions that we should all be able to answer affirmatively Unfortunately most of us are unsure about ourselves and many areas of our lives to answer these questions confidently Before you make another major decision in your life discover what it means to become the best you to unleash your God-given potential In Become the Best You Bruce Francois an engineer turned social entrepreneur takes readers on an ontological journey of what it means to become one's best self uniquely integrating wisdom thoughtful science and deep spirituality along the way Francois shares with readers how he discovered his purpose in life by dissecting and distilling life through an engineering lens Learn how to Fully process your life struggles Become aware of your understanding of yourself and your surroundings Strengthen your beliefs Discover your purpose and passion Deploy yourself for your unique mission Make a meaningful mark on the world You will be inspired by the sense of fulfillment and satisfaction that comes with discovering and operating in your purpose to experience the freedom of what it means to authentically live joyfully serve and experience a deep sense of meaning in life
