Genece,2019-08-03 Think There s No Value In Working Retail Think Again Did you know that working retail can provide you with more than just extra money Probably not That s because our society teaches young adults to overlook the important benefits of assisting customers and working in a diverse environment You may say I m only working here to pay for school And as soon as I can I m quitting this useless job But guess what These useless retail jobs are actually more USEFUL than you realize It s all about your perception This book bundle includes Working Retail Working Your Brand and Building Your First Resume to change your perspective on the benefits of working retail Book 1 Does Working Retail Seem Like a Waste of Your Talent You re not the only one who s had these thoughts Many people go into retail solely for the money but the experiences gained can have a lasting impact on their professional and personal growth What All Retail Workers Need to Know This book is not about getting through working in retail Instead it offers tools no one will ever tell you about learning to communicate with a diverse group of people being honest about who you are coming out of your shell and balancing work your personal life Whether You Plan On Working In Retail For Three Months Or Until You Retire You ll Learn How to rethink your role as an employee so you get the most out of your experience How to find comfort working with unique personalities How to avoid conflict with employees and customers to maintain mental peace How what you learn in retail will benefit you forever How to embrace each work day as a new and rewarding experience How to separate personal issues from work in order to remain focused How to have good clean fun with coworkers and customers When you finish this book your perspective on who you are and what you bring to the table is guaranteed to change And once you change your perspective you ll open up to unforgettable experiences You walk into a retail store whatever it is and if there s a sense of entertainment and excitement and electricity you wanna be there Howard Schultz Book 2 Are You Having a Hard Time Landing Your First Retail Job You re not alone Creating your first resume to succeed in getting a job can be a daunting process This book will guide you so that writing your first resume is straightforward and easy Why You Need a First Resume All over the nation retail stores regularly hire young adults Flexible schedules allow you to go to school and earn extra money Why not invest a few hours into creating a simple yet effective resume to help you land a job Using This Resume Building Book Will Teach you basic formatting skills so your resume looks clean Teach you what to include for past working experience if you have very little of it Offer suggestions on references who will vouch for you Provide information on child labor laws state by state so you know exactly what you need to start working Give you a simple template to build a perfect cover letter The truth is most resume books focus on more experienced crowds who already have professional history under their belt This ignores a large population of young adults who don t have any history Well something is better than nothing And once you finish this book

you ll have all the knowledge you need to create a first resume that works So if you re serious about your future and want to learn more about the values of working in retail p s everyone should scroll up now and hit that orange button
