Notes from Death's Door Katie Treble,2025-06-01 This Is Going to Hurt meets Emergency Sex And Other Desperate
Measures a rollicking smart and self aware memoir about the extremes of the human experience the limits to compassion and
what trying to save the world actually entails In her early 30s Katie Treble felt stuck in her life in her career as an emergency
doctor and in a dead end relationship Moving from her home in England to sunny Byron Bay hadn t been the answer she was
hoping for Wanting to kickstart her life and put her starry eyed idealism into action she signed up to work for Medecins sans
Fronti res She thought it would be an adventure a chance to find meaning purpose and maybe do some good in a world gone
mad with greed Katie was dispatched to the war torn Central African Republic to a town called Bria a remote blood diamond
mining town controlled by rebel militia one of the poorest most lawless and violent places on earth and a grinding
humanitarian crisis the world has largely ignored Arriving to live in an ex diamond traders compound set against a backdrop
of poverty hunger disease and gunfire Katie was thrown in the deep end Sweltering through long shifts in a hospital tent
equipped with only the most basic resources she fought to save an endless stream of patients while her heart broke again
and again at how little a human life could be worth Survival off shift meant self anaesthetising via the basic resources of bad
local lager camaraderie card games and the odd ill advised sexual liaison Things were already hard enough but when an
army of rebel mercenaries descended on Bria destroying much of the town and massacring countless civilians Katie had to
dig deep within herself to understand the meaning of resilience the fundamental nature of human interconnectedness and
when all seems lost the power of bearing witness as the ultimate act of kindness and compassion Coruscating clear eyed and
self deprecating Field Notes from Death s Door is a sharply observed account of how a young woman s faith in humanity was
challenged shattered and painfully rebuilt *Notes* Music Library Association,1994 *The Professional Geologist* ,2009
