

A painting of a seascape. The sky is a mix of dark blue, purple, and teal, with a bright white circle representing the moon or sun. The water is dark blue with white foam from waves crashing against dark, jagged rocks in the foreground. The overall style is expressive and somewhat abstract.

The Phantom Reflection:

The Phantom Reflection Ann Ashton, 1979-07 Phantom Reflection Kim Malinowski, 2022-07-04 This is a novel in verse format playing with the concept of a retelling of The Phantom of the Opera book and musical and their modern day counterparts The main characters are Christine The Artist and The Man of Words It is an emotional romantic and erotic tug of war between the Artist and The Man of Words to possess Christine and it is a deep delving into the wants the needs and the secret desires of Christine The vivid landscape of the poetry and the brilliant imagery weave a pathway into the innermost chasms of the human psyche There is a lush richness to the weave of the words and an eloquent ease of literary flow Malinowski's hand to the stylus is as the Phantom's hand to the musical instrument and the brushstroke to the canvas It is an amazing read reflecting the superb creativity of the author Mimesis and Its Romantic Reflections Frederick Burwick, 2010-11-01 In Romantic theories of art and literature the notion of mimesis defined as art's reflection of the external world became introspective and self reflexive as poets and artists sought to represent the act of creativity itself Frederick Burwick seeks to elucidate this Romantic aesthetic first by offering an understanding of key Romantic mimetic concepts and then by analyzing manifestations of the mimetic process in literary works of the period Burwick explores the mimetic concepts of art for art's sake Idem et Alter and palingenesis of mind as art by drawing on the theories of Philo of Alexandria Aristotle Immanuel Kant Friedrich Schiller Friederich Wilhelm Joseph von Schelling Thomas De Quincey and Germaine de Staël Having established the philosophical bases of these key mimetic concepts Burwick analyzes manifestations of mimesis in the literature of the period including ekphrasis in the work of Thomas De Quincey mirrored images in the poems of Samuel Taylor Coleridge and William Wordsworth and the twice told tale in the novels of Charles Brockden Brown E T A Hoffmann and James Hogg Although artists of this period have traditionally been dismissed in discussions of mimesis Burwick demonstrates that mimetic concepts comprised a major component of the Romantic aesthetic Vocal Apparitions Michal Grover-Friedlander, 2014-12-25 Cinema and opera have become intertwined in a variety of powerful and unusual ways Vocal Apparitions tells the story of this fascinating intersection interprets how it occurred and explores what happens when opera is projected onto the medium of film Michal Grover Friedlander finds striking affinities between film and opera from Lon Chaney's classic silent film The Phantom of the Opera to the Marx Brothers A Night at the Opera to Fellini's E la nave va One of the guiding questions of this book is what occurs when what is aesthetically essential about one medium is transposed into the aesthetic field of the other For example Grover Friedlander's comparison of an opera by Poulenc and a Rossellini film both based on Cocteau's play The Human Voice shows the relation of the vocal and the visual to be surprisingly affected by the choice of the medium Her analysis of the Marx Brothers A Night at the Opera demonstrates how as a response to opera's infatuation with death cinema comically acts out a correction of opera's fate Grover Friedlander argues that filmed operas such as Zeffirelli's Otello and Friedrich's Falstaff show the impossibility of a direct transformation of the operatic into the

cinematic Paradoxically cinema at times can be more operatic than opera itself thus capturing something essential that escapes opera's self understanding A remarkable look at how cinema has been haunted and transformed by opera Vocal Apparitions reveals something original and important about each medium
