SNYNOPSIS Many people may not understand the reasoning of this documentary and why I am rehashing the expulsions the after war tragedies that confronted a defeated nation the hundreds of internment camps occupied by Germans and German Americans the treatment of German Prisoners of war upon the conclusion of hostilities the enforcement of the Morgenthau Plan and the Ben s decrees regarding the mass murders of over two million Sudetenlanders Prussians and other Eastern European Germans I thought about this and decided that when certain people whether they be American British Russian French and others stop their crucifying those of German extraction then and only then would it not be necessary to publish this book The word Nazi is archaic and does not apply to more than ninety percent of all Germans Most Germans knew nothing about the Holocaust except what was recently explained to them They knew nothing about the internment camps where Germans and German Americans were interned during the war were unaware of the expulsions of millions of ethnic Germans from their historical homelands the torture rape and murder of millions of innocent non combatant women and children after hostilities had ended and the deliberate starvation to death of more than one million eight hundred thousand German POW s after the war in complete disregard to the Hague Geneva and other conventions This documentary is not singling out others that may or may not be guilty of these atrocities It is only the truth that we seek to be put into the history books and other texts not the made up revisions of Arrogant Revisionists Much of the information published herewith is not even known by most Germans or people of other ethnic entities This documentary therefore is one of clarity reality and truth It needs to be known Everyone Germans and non Germans alike should read this book so at least they will know the other side of the story
