Womans Retirement:

When Baby Boom Women Retire Nancy Dailey, 1998-02-18 Fewer than 20% of Baby Boom women will experience a secure retirement Marriage education occupation home ownership these variables predict their future Possession of all four indicates retirement security and absence of any increases risk of old age poverty This riveting sociological study also examines the social relations and structures that will determine the retirement experience options and decisions for more than 40 million Baby Boom women These women s material base and social status are examined through the use of empirical data and the key predictors of their retirement are identified The massive entry of Baby Boom women into the labor force increases the importance of retirement planning for working women It comes at a time when existing research models and data are outdated and inadequate to effectively predict their future retirement experience Over the past 30 years American men and their spouses have benefited from the linear undifferentiated model of the traditional male retirement For the Baby Boom generation however the nature of work has changed significantly The current retirement model may not serve Baby Boom men as well as in the past let alone Baby Boom women In contrast this book offers a new dynamic model that considers the social and work structures influencing women s lives and that accurately reflects the predictors and parameters of Baby Boom women s retirement

Women & Aging Helen Ripplier Wheeler, 1997 Guide with more than two thousand bibliographic entries and cross references It includes journal articles book chapters essays and doctoral dissertations as well as complete books

Women and Aging , 1989-03-10 Coyle has compiled an impressive bibliography of more than 600 books articles government documents films and dissertations on women and the aging proces Concise annotations highlight the significance of each item While some of the material is scholarly and theoretical most is from books and journals that are very readable and easily accessible A notable part of the bibliography is the extensive listing of films that would be useful for groups interested in doing programs on elderly women RQ This bibliography provides ample evidence of the increasing research interest in issues affecting women as they age Over 600 annotated citations for materials published from 1980 through early 1988 are included Although the primary focus is on older women references dealing with middle aged women are also included Both pragmatic and theoretical issues are covered in the resources cited All of the materials identified are accessible through basic library systems While research results are reported in some annotations the primary objective of the work is to provide the reader with extensive references to useful and appropriate materials on women and aging The major subject areas covered include roles and relationships economics employment retirement health sexuality religion housing racial and ethnic groups policy issues international concerns and middle age An extensive selection of general items covers materials that do not fit into specific categories but which address important areas of concern and interest This comprehensive bibliography will be welcomed by those involved in gerontological research and women s studies
