Women And Revolution In Iran Guity Nashat, 2021-11-28 Iranian women acquired greater legal social and economic opportunities during the past three decades than in any other period of history yet they participated in large numbers in the 1979 revolution to overthrow Shah Mohammad Reza Pahlavi Ironically they may have lost more than any other group from the changes introduced and stand to lose even more from changes contemplated by leaders of the current regime The role of women in the revolution the reasons for their participation and their subsequent fate are documented in this volume The authors examine the status of women in pre revolutionary society the ways in which their lives were affected by Islamic principles and the changes that occurred throughout the twentieth century as increasing numbers of women entered the labor force and public life They then turn to recent political events describing the participation of working class rural and educated women and activists from both the right and left Finally they consider the implications of recent government politics aimed at limiting women s activities outside the home and encouraging a return to more traditional roles

**In the Shadow of Islam** Azar Tabari, Nahid Yeganeh, 1982  
National Union of Women in Iran ETEHAD e MELLI e ZANAN *Jewels of Allah* Nina Ansary, 2015 The popular narrative about women s lives in Iran over the last forty years goes something like this During the Pahlavi Monarchy women were on an upward trajectory In a nation on the cusp of modernity women actively participated They were given the right to vote and were free to be in public without veils they wore miniskirts on university campuses Then came the Islamic Revolution in 1979 with Ayatollah Khomeini at the helm The burgeoning freedoms for women were extinguished The veil was required and institutions were segregated by gender The Islamic Republic had thus achieved its goal of resurrecting the image of the traditional Muslim woman The problem with popular narratives is that despite their convenient half truths the real story is more complicated unexpected and less tidy Inspired by author Nina Ansary s scholarly journey *Jewels of Allah* is a provocative roller coaster ride that shatters the stereotypical assumptions and the often misunderstood story of women in Iran today Highlighting many courageous female leaders and advocates throughout Iran s history the book illuminates the unanticipated consequences of the Islamic Revolution and the unexpected twists and turns leading to a full blown feminist movement within a post revolutionary patriarchal society *Jewels of Allah* is dedicated to every individual oppressed by discriminatory ideology 100% of all proceeds from the sale of the book will go to charitable organizations and institutions with the primary recipient being the OMID Foundation a 501 c 3 registered organization that has been empowering disadvantaged young women in Iran for over 10 years For more information on the OMID Foundation please visit <http://www.omidfoundation.com>

[The Women's Rights Movement in Iran](#) Eliz Sanasarian, 1982 *Women and Equality in Iran* Leila Alikarami, 2019-05-30 Iran s continued retention of discriminatory laws stands in stark contrast to the advances Iranian women have made in other spheres since the Revolution in 1979 Leila Alikarami here aims to determine the extent to which

the actions of women's rights activists have led to a significant change in their legal status. She argues that while Iranian women have not yet obtained legal equality, the gender bias of the Iranian legal system has been successfully challenged and has lost its legitimacy. More pertinently, the social context has become more prepared to accommodate legal rights for women. Highlighting the key challenges that proponents of gender equality face in the Muslim context, Alikarami attempts to ascertain the causes of Iran's failure to ratify the CEDAW and questions whether and to what extent interpretations of Islamic principles prevent Iran from doing so. Applying feminist legal theory to contemporary Iran, Alikarami's approach re-evaluates the underlying principles that have shaped the struggle for equal rights between the sexes.

**Becoming Visible in Iran** Mehri Honarbin-Holliday, 2009-02-28

The state of women in Islamic societies is the subject of much interest and heated debate. Yet these discussions and representations in the media and elsewhere rely on inadequate information and misperceptions, imagining Muslim women as oppressed victims in need of liberation by outside forces. *Becoming Visible in Iran* disputes these widespread stereotypes, providing a vivid account of women in contemporary Iran as they go about their daily lives. Beginning at home, women are infusing dramatic change by challenging the patriarchal conceptions of their fathers, brothers, uncles, and others within the intimate sphere of family and home. Empowered by education, they transport the power of their minds and being from the domestic to the public and political. Mehri Honarbin-Holliday presents the experiences of these young women who wield a key, if indirect, political influence on the seemingly male-dominated politics of this society as they achieve a new visibility. She shows us how women understand their place in contemporary Iranian society and how they interrogate it, making demands for shifts in attitudes and behaviours both at home in relation to male relatives and in the wider world. Women's daily existence weaves between the public and the private, from home to classrooms, parks, metros, cafes, and taxis, negotiating socio-political limitations and the current regime's policies of female invisibility. Detailed interviews and striking narratives draw our attention to the women's reflexive and critical stance and their desires to be recognized as independent and active architects of their own personal lives, whilst also contributing to the discourses of change and a more just civil society. From this fieldwork and focusing especially on young women, Honarbin-Holliday presents women's views on such key topics as public visibility, body presentation, and sexual curiosity, in addition to education, civil society, and political and social change. Highlighting links and continuities with the history of women in Iran from the early twentieth century to the present moment, she shows how Iranian women today strive to be the author of one's fate, to resist narrow interpretations of religion, to conduct meaningful, rich, and complex lives, to bring about change in the mindsets of male relatives, and to contribute to legal and political debates in the country. For its direct presentation of women's voices, as well as its analysis and insight, this book is a vital contribution to our understanding of the lives of Muslim women and the possibilities before them today. *Becoming Visible in Iran* is indispensable for those concerned with women in Islamic societies, gender studies, sociology, anthropology, as well as Iran and the Middle East.
