Green,Joseph R. Svinth,2003-11-30 Martial arts once restricted to a few specific locations and practiced by small groups of devotees have truly spread throughout the world The plethora of tae kwondo and karate dojos in U S shopping malls attests to the popularity of various kinds of martial arts in this country Though generally perceived and advertised as means of self defense body sculpting and self discipline martial arts are actually social tools that respond to altered physical social and psychological environments This book examines how practitioners have responded to stimuli such as feminism globalism imperialism militarism nationalism slavery and the commercialization of sport In a series of chapters devoted to Asian African and European systems of the late 19th to early 21st centuries the authors examine the forces and philosophies that shaped fighting arts in diverse cultural settings Because of political social and economic factors this period witnessed the spread of martial arts to areas outside of their original contexts Some of these arts flourished in their new environments but others did not The authors

demonstrate that martial arts are not the conservative strongholds of tradition posited by conventional wisdom but are instead responsive and mutable barometers of change This book is essential for students of multicultural dialogues and devotees of martial arts performance and practice

Martial Arts of the World [2 volumes] Thomas A. Green,2001 Carefully crafted entries on the history philosophy and evolution of the martial arts worldwide including contemporary practice The martial arts have developed in nearly every culture notes anthropologist Thomas A Green but in an astonishing variety of forms throwing and grappling styles striking styles and both armed and unarmed fighting styles In essays by academic experts who also practice the martial arts readers can explore the physical principles and training concepts behind the world s major martial arts systems They ll learn how the practitioners of African traditions rehearse combat moves through dance how Japanese aikido artists search for a way to blend with rather than oppose the aggressor and how the practitioners of the Chinese art of bagua walk circles of various sizes while rehearsing certain moves The martial arts are not simply about physical conditioning for combat From the Japanese samurai to the medieval knight to the American frontier gunslinger martial artists have sought to combine the physical disciplines of combat with philosophy tradition and strict codes of honor Nearly 100 A Z signed entries each followed by a bibliography Contributions from experts who are both scholars and practitioners of the martial arts Entries on fighting systems from around the world their history training methods weapons and much more A rich suite of illustrations including archival and contemporary photographs drawings and prints A detailed timeline of the development of the martial arts worldwide from 30 000 B C to the end of the 20th century
