**The Wolf Within** Cynthia Eden, 2013-12-17 FBI Special Agent Duncan McGuire spends his days and his nights tracking real life monsters Most humans aren t aware of the vampires and werewolves that walk among them They don t realize the danger that they face but Duncan knows about the horror that waits in the darkness He hunts the monsters and he protects the innocent Duncan just never expects to become a monster But after a brutal werewolf attack Duncan begins to change and soon he will be one of the very beasts that he has hunted Dr Holly Young is supposed to help Duncan during his transition It s her job to keep him sane so that Duncan can continue working with the FBI s Para Unit But as Duncan s beast grows stronger the passion that she and Duncan have held carefully in check pushes to the surface The desire that is raging between them could be a very dangerous thing because Holly isn t exactly human not any longer As the monsters circle in determined to take out all of the agents working at the Para Unit Holly and Duncan will have to use their own supernatural strengths in order to survive But as they give up more of their humanity and embrace the beasts within them both they realize that the passion between them isn t safe it isn t controllable and their dark need may just be an obsession that could destroy them both

**Shaping the Wolf Within Your Dog** Nathan B. Childs, 2004 Shaping the Wolf Within Your Dog is a comparison study of wolf and dog behavior It is also a comprehensive guide for living in harmony with dogs We know dogs are genetically related to the wolf and both exhibit identical instincts behaviors temperaments and dispositions and both abide to the law of nature that contends for any animal grouping to survive there must be social order and communication between its members Knowing this we should learn all we can about wolf behavior and incorporate that knowledge with our dogs By learning how pack animals establish social order and communicate with one another we can use this information to shape our dogs natural instincts without having to use food bribes or violence When we communicate in our dogs language we will be able to communicate our leadership The outcome will be predictable for we will be using the same methods of an alpha wolf when he establishes and maintains social

order with a pack of wolves We will be shaping the same wolf instincts that are intact and engaged in each of our dogs
