The Line Of Fire:

To the Line of Fire! José A. Ramírez, 2009-10-05 Winner of the 2009 Robert A Calvert Prize In January 1917 German foreign minister Arthur Zimmermann sent a telegram to Germany's Mexican ambassador authorizing the offer of U S territory in exchange for Mexico's alliance with Germany in the Great War After the interception of this communication U S intelligence intensified surveillance of the Mexican American community in Texas and elsewhere vigilant for signs of subversive activity Yet even as this was transpiring thousands of Tejanos Mexican Texans were serving in the American military during the war with many other citizens of Mexican origin contributing to home front efforts As author Jos A Ram rez demonstrates in *To the Line of Fire* the events of World War I and its aftermath would decisively transform the Tejano community as war hardened veterans returned with new broadened perspectives They led their people in opposing prejudice and discrimination founding several civil rights groups and eventually merging them into the League of United Latin American Citizens LULAC the largest and oldest surviving Hispanic civil rights organization in the United States Ram rez also shows the diversity of reaction to the war on the part of the Tejano community While some called enthusiastically for full participation in the war effort others reacted coolly or only out of fear of reprisal Scholarly and general readers in Texas history military history and Mexican American studies will be richly rewarded by reading *To the Line of Fire*

In the Line of Fire Joseph Francis Sheley, James D. Wright, Their findings confirm the prevalence of firearms in these selected populations but challenge a number of common stereotypes concerning gun possession and use by juveniles Fear rather than the needs of criminal activity drug trafficking and gang affiliation motivates juveniles to arm themselves The authors urge a policy aimed at reducing such motivation rather than attempting to remove guns from the hands of youth

In the Line of Fire Cheryl Regehr, Ted Bober, 2005-01-06 In the wake of disaster emergency responders are first on the scene and last to leave They put concern for the lives of others over concern for their own lives and work tirelessly to recover the bodies of the missing Their heroic actions save lives provide comfort to and care for the wounded and inspire onlookers but at what cost to themselves We now know that rescue workers who are exposed to mutilated bodies mass destruction multiple casualties and life threatening situations may become the hidden victims of disaster The traumatic consequences of exposure can profoundly impact emergency responders radiate to their families and permeate the emergency organization This much needed new book based on the authors original research and clinical experience describes the consequences of trauma exposure on police officers fire fighters and paramedics Weaving data collected in large scale quantitative studies with the personal stories of responders shared in qualitative interviews this much needed account explores the personal organizational and societal factors that can ameliorate or exacerbate traumatic response Stress theory organizational theory crisis theory and trauma theory provide a framework for understanding trauma responses and guiding intervention strategies Using an ecological perspective the authors explore interventions spanning prevention disaster response and follow up on

individual family group organizational and community levels They provide specific suggestions for planning intervention programs developing trauma response teams training emergency service responders and mental health professionals and evaluating the effectiveness of services provided Disaster whether large scale or small underscores our ongoing vulnerability and the crucial need for response plans that address the health and well being of those who confront disaster on a daily basis In the Line of Fire speaks directly to these emergency response workers as well as to the mental health professionals who provide them with services the administrators who support their efforts and the family members who wonder if their loved one will return home safely from work tonight

The Line of Fire William J. Crowe, 1993 On September 19 1992 Admiral William J Crowe Jr made headlines with his endorsement of Democrat Bill Clinton as President of the United States Washington took sharp notice

Crowe a staunch advocate of military strength had served for four years under both Presidents Reagan and Bush as Chairman of the Joint Chiefs of Staff As the top ranking officer in the American military he held all of its branches and forces outposts from the South Pacific to the North Atlantic from Antarctica to Central America under the sweep of his command To this day many Clinton strategists perceive Crowe s endorsement and his subsequent work for Clinton as one of the campaign s turning points It was an unexpected move But Washington luckily had learned to expect surprises from the candid witty Oklahoman whose tenure as commander was marked by an openness to change rarely encountered in the military hierarchy s upper ranks As his memoir *The Line of Fire* makes clear quick change has been a constant in Crowe s career a fast flight up the chain of command that began just after World War II at the height of the Cold War reaching its apex with the thaw and the beginning of a new era in foreign relations Few military men s careers provide such a vantage on so many momentous transitions and events women in the ranks the new high tech range of weaponry and machinery and the rise of a new breed of military leader men like Crowe himself trained in the halls of Congress as well as on the battlefield Crowe shows where the military has been and where it must go He takes us into the secret world of the Pentagon where we see the sophisticated war games staged by the highest officials in the land He takes us inside the story of the build up of tensions in the Gulf explaining what we have never really understood about the accidental shoot down of an Iranian Airbus by the cruiser Vincennes and about the U S raid on Libya why we never intended to kill Qaddafi why Caspar Weinberger would never admit that the U S did hit the French embassy Admiral Crowe shows us the most significant military and political events of the last decade as we have never seen them before Crowe explains why nuclear weapons are our least effective defense takes a critical look at Desert Storm an ideal battle situation speculates on the ending of the Cold War George Bush was only one of the many contributors and tells the story of his special friendship with Marshal of the Soviet Union Sergei Akhromeyev the Soviet chief of staff who shared many of his concerns about the future of nuclear weapons and U S Soviet relations As never before Crowe s memoir explains the world of political maneuvering that lies behind military decision making From the battlefield to Capitol Hill Crowe gives a candid always interesting look at modern military life and his concerns for our future
