Wildfire Igniting The Shevolution:

Wildfire Sonia Johnson,1989 **The New Victorians** Rene Denfeld,2025-04-08 Journalist Rene Denfeld explains why her generation has become alienated from the women s movement maintaining that the actions of the movement s current leadership have actually encouraged a return to the kind of sexual repression and political powerlessness challenged by feminists in the 1970s Here she offers a practical battle plan which includes confronting the issues of child care and birth control working for equal government representation and treating sexual assault as a serious crime **The Personal and the Political** Ulrike Boehmer,2000-05-04 Drawing on the experiences of thirty seven diverse women who are active in the AIDS and breast cancer movements *The Personal and the Political* provides an in depth look at the social and political dimensions of AIDS and breast cancer within the context of social movement and feminist theories While it is generally assumed that activists reasons for getting involved in either the AIDS or breast cancer movements differ Boehmer uncovers similarity in women s motivations finding that activism depends on both a personal and a political link to the disease The work pays particular attention to diversity issues such as race class and sexual orientation and explores the women s motivations how they view their activism and how their activism relates to their identities The author lets the women speak for themselves interspersing their voices throughout the text The book highlights similarities and differences between the activists in both movements and between the movements themselves offering some intriguing conclusions [Legitimization of Mormon Feminist Rhetors](#) Tiffany D. Kinney,2021-11-10 *Legitimization of Mormon Feminist Rhetors* studies how marginalized groups use rhetorical strategies to craft legitimacy for themselves Kinney uses archival research to parse the rhetorical devices employed by Mormon feminist women The author assumes a pan historical methodology by examining four unique examples of notable Mormon feminist rhetors that stretch across the 191 year history of this religion Emmeline B Wells 1828 1921 Fawn Brodie 1915 1981 Sonia Johnson 1936 present and Kate Kelly 1980 present Backed by intensive analysis the author finds that Mormon feminist women take up the ancient rhetorical canons as a heuristic to cultivate a position of authority for themselves Wells employs arrangement patterns Brodie engages with memory Johnson draws upon invention practices and Kelly applies delivery strategies Scholars and students of communication rhetoric religion and women s studies will find this book particularly interesting **American Voices** Bernard K.
