Alisse Waterston

Thinking Into Dark:

Thinking in Dark Times Roger Berkowitz, Jeffrey Katz, Thomas Keenan, 2010 Hannah Arendt is one of the most important political theorists of the 20th century This book focuses on how against the professionalized discourses of theory Arendt insists on the greater political importance of the ordinary activity of thinking **Light in Dark Times** Alisse Waterston, 2020-10-01 What will become of us in these trying times How will we pass the time that we have on earth In gorgeously rendered graphic form Light in Dark Times invites readers to consider these questions by exploring the political catastrophes and moral disasters of the past and present revealing issues that beg to be studied understood confronted and resisted A profound work of anthropology and art this book is for anyone yearning to understand the darkness and hoping to hold onto the light It is a powerful story of encounters with writers philosophers activists and anthropologists whose words are as meaningful today as they were during the times in which they were written This book is at once a lament over the darkness of our times an affirmation of the value of knowledge and introspection and a consideration of truth lies and the dangers of the trivial In a time when many of us struggle with the feeling that we cannot do enough to change the course of the future this book is a call to action asking us to envision and create an alternative world from the one in which we now live Light in Dark Times is beautiful to look at and to hold an exquisite work of art that is lively informative enlightening deeply moving and inspiring **No Truth In Darkness** Jennifer Underwood, 2021-08-31 This ebook details the journey of Jennifer Underwood a woman involved in the occult for fifteen years It is about how she got there and how it led her to God after she accidentally called in angels to assist her in life Former Reiki Healer Former believer of Metaphysics Converted to Christianity in late 2015 *Critical Theories in Dark Tourism* Nitasha Sharma, Annaclaudia Martini, Dallen J. Timothy, 2024-12-02 This book facilitates a critical investigation of gaps in theorizing and framing dark tourism by navigating through some onto epistemological issues theoretical entanglements future possibilities and the application of critical theoretical perspectives related to affect and emotions human animal studies postcolonialism feminism trauma studies posthumanism power and identity In doing so it advances the need to connect critical theory pragmatism and contemporary issues of social and global relevance Given the growing body of critical research within tourism studies dark tourism has somewhat lagged behind For example critical tourism researchers have been examining postcolonialism for two decades but dark tourism research has only sporadically engaged with this topic Similarly the issue of gender has been curiously neglected within dark tourism In addition dark tourism research has tended to shy away from the big challenges facing contemporary societies Through its engagement with a range of critical theories this volume not only addresses gaps in the existing dark tourism literature but also moves the debate forward in exciting new directions This volume is well placed to demonstrate to other disciplines and fields that dark tourism research can be critical theoretically grounded and transformative Duncan Light *Cosmos and Republic* Wolfgang R.
