Feminism and Contemporary Women Writers Radha Chakravarty,2014-05-30 This book attempts to deal with the problem of literary subjectivity in theory and practice The works of six contemporary women writers Doris Lessing Anita Desai Mahasweta Devi Buchi Emecheta Margaret Atwood and Toni Morrison are discussed as potential ways of testing and expanding the theoretical debate A brief history of subjectivity and subject formation is reviewed in the light of the works of

thinkers such as Hobbes Hume Kant Hegel Marx Nietzsche Raymond Williams and Stephen Greenblatt and the work of leading feminists is also seen contributing to the debate substantially *Doris Lessing* Carey Kaplan, Ellen Cronan Rose, 1988 Long neglected by the academic world because of her rejection of belletristic values and resistance to convenient literary taxonomy Doris Lessing has nonetheless built an international following of serious dedicated readers Acknowledging the difficulties posed by the multiple dimensions of Lessing's work Kaplan and Rose have gathered eleven essays that address her artistic philosophical political and psychological complexity and so provide a welcome introduction to the extraordinary depth and diversity of this important contemporary novelist Lessing has been described as an alchemical writer in that her work is directed toward changing people's lives and perceptions rather than simply recording experience Accordingly the contributors examine her various postures and tactics for the purpose of discovering how the alchemical elements inform her various personae Frederick C Stern discusses Lessing's commitment to radical humanist thought while Carey Kaplan examines how Lessing's imperialist past has shaped her futuristic fiction Elizabeth Abel offers a feminist interpretation of the pattern of brother-sister incest in Lessing's work showing how Lessing has established Antigone as a female alternative to the Oedipal myth of male incest Particularly insightful is Eve Bertelsen's report of her interview with Lessing demonstrating how Lessing's often evasive style of adversarial dialogue works in concert with her refusal to be conveniently pigeonholed by academic analysis For those readers new to her work Doris Lessing *The Alchemy of Survival* will serve as a useful introduction to Lessing's concerns and techniques Those who have long admired her writing will find in this collection new keys to understanding Lessing's philosophical political and psychological complexity

Rotraut Spiegel,1980 The development of Doris Lessing s art from the traditional realism of her early novels to modernist works like *The Golden Notebook* and *Briefing for a Descent Into Hell* has been criticised as escapism A detailed formal and thematic analysis of three representative novels shows that the modernism of Doris Lessing s later work is a result of the author s radicalized understanding of our collective alienation Far from indicating a betrayal of her humanistic commitment it is a measure of the sincerity of this author s concern with the ancient dream of free man The Task of Understanding in
