**Relations Techniques** Albina Gayoso, 2023-01-01 This book focuses on Political Public Relations PPR Techniques of both Russian and US Leaderships It does so by analysing leadership presidential or otherwise inaugural addresses from the two countries between 1980 to 2018 using triangulation analysis of verbal non verbal language and emotions of speakers Given that the Russian perception of Political Public Relations known as Political Technologies PT in Russia is unique and often misunderstood or misinterpreted in Western scholarship the book acts as a bridge between these two fields of studies With that in mind the study of Political Technologies is explained and applied in a wider sense than is offered by other disciplines specifically in more meaningful ways than suggested in communications discipline in the West In doing so the book not only offers a deep dive into theory but also provides a unique methodology aiming at extracting and analysing PPR or PT techniques This triangulation method allows us to investigate a combined effect of audio visual and verbal effects on the general public and offers a way of interpreting such effects Readers would understand more about the research dynamic in PPR discipline apply the triangulation methodology to expand this research and more generally find out more about the evidence based list of PPR techniques and their applications and interpretations **Legislative and Political**
