Possessed Victorians Sarah A. Willburn, 2017-05-15 In her absorbing study of nineteenth century mystical writings Sarah Willburn formulates a new conception of individualism that offers a fresh look at Victorian subjectivity Drawing upon extensive archival work in the British Library Willburn analyzes s ance accounts novels about mediumship and metaphysical treatises to make important connections between contemporary writings on mysticism and fictional works Willburn presents the theories of compelling characters such as Newton Crosland and Lois Waisbrooker and provides exciting new readings of well known texts by Charlotte Bront Eliot Martineau and Corelli An understanding of the Victorian fascination with mysticism Willburn argues leads to a better appreciation of cultural constructions of the citizen in England and of the public sphere She introduces two key concepts against the backdrop of popular mysticism possessed individualism a model for Victorian individualism based on spiritual possession and extra spheres which complicate the traditional binary opposition of public and private Together these formulations urge us to rethink our views of Victorian political economy and gender as they pertain to mystical and religious practices
