New Trends in Psychobiography Claude-Hélène Mayer, Zoltan Kovary, 2019-08-06 This volume offers insights into contemporary trends and perspectives in psychobiographical research. It applies new theoretical and methodological frameworks and presents discourses on psychobiography from transdisciplinary backgrounds and various socio-cultural contexts, displaying the new state of the art, new trends and themes in psychobiography. The book outlines psychobiography's outstanding contribution to psychology from 36 internationally reputable authors. It also presents the ideas of five outstanding psychobiographers through interview excerpts. This book is a must for researchers, lecturers, and practitioners in the field of psychology and social sciences interested in the use of new psychological theories and methodologies in life span research.

Positive Psychology: An Emerging Trend of 21st Century Dr. Agyajit Singh, 2022-06-06 The book POSITIVE PSYCHOLOGY is the brainchild of the author who has supervised many Ph.D. students in Positive Psychology over the last two decades on a variety of topics such as emotional intelligence, locus of control, self-efficacy, and self-concept among others. It is the most recent addition to the psychological literature portraying the new field of emotional intelligence. This book is hoped to be highly valuable to scholars, general readers, and professionals who will benefit from the knowledge received through this book. Furthermore, the contents of the book are very relevant to one's own life because they are stated in a simple and clear language. They will enjoy reading this book since it will appeal to their emotions.

Positive Psychology: Theory, Research And Applications Hefferon, Kate, Boniwell, Ilona, 2011-05-01 Kate Hefferon and Ilona Boniwell have done an excellent job on this introduction to Positive Psychology. I encourage educators, students, and everyone else interested in an updated, well-written, and culturally balanced approach to the scientific study of human flourishing to read this highly accessible yet rigorously crafted text and to get it under your skin by ways of carefully chosen tests and exercises.

Hans Henrik Knoop Aarhus University Denmark and President European Network for Positive Psychology This accessible yet comprehensive book provides an excellent new resource in the area of positive psychology. Students, researchers, and practitioners alike will benefit from the skilful and lively integration of theory, research, and application. The authors are prominent members of the international positive psychology movement and as such are able to deliver a confident, practical, and overarching assessment of the area integrated into psychology more widely.

Angela Clow University of Westminster UK This is an exceptional book that synthesizes more than a decade of positive psychology research into chapters that are engaging, accessible, and educational. Hefferon and Boniwell demonstrate a mastery of the literature through the ways in which they have marshaled the evidence from research and practice into this invaluable resource. This book will become an essential reference guide for researchers, educators, and practitioners of positive psychology around the world.
