Tai Chi Boxing Chronicle:

The Tai Chi Boxing Chronicle Kuo Lien-Ying, 1994-07-13 The Tai Chi Boxing Chronicle is a translation of the text left behind by the Orthodox Masters who developed this system of boxing. Over a period of generations, five basic movements were developed called the Bone Marrow Washing Exercises. These exercises helped the monks restore their health and will power. As the movements were passed down from generation to generation, the meaning behind the movements of Tai Chi was almost completely lost. Due to the integrity of Kuo Lien Ying, this information is presented without modification or alteration. This book contains a clear explanation of the physical laws of the art of Tai Chi that hold true wherever it is practiced. The person who studies the information contained in this book will have the tools to achieve the highest level of mastery and skill to be obtained through the practice of Tai Chi Chuan. **A Barefoot Boxer's Chronicle** Robin Johnson, 2014-11 Here is a first translation back into body language of Tai Chi Chuan's profound yet obscure Classics and Aphorisms. Away from words about words toward words about natural movement and martial action. Stillness Defeats Motion, Softness Defeats Hardness, Adhere Follow, Neutralize, Double weighting, Steel Within Cotton, and more than 100 others are revealed in this Chronicle as fruits of whole body action. What was meant by these old words? This book finds answers by exploring the ground between a body language too complex for words and Tai Chi boxing techniques largely invisible to outside scrutiny. Whole body combat was the true source of the wisdom, later reduced to pithy yet confusing statements pored over by thousands of students and teachers. Thus a key premise of *A Barefoot Boxer's Chronicle* is that true Tai Chi Chuan, NEI CHUAN or internal boxing, is not what is seen out there but what is to be found in here, the source of mysterious Intrinsic Energy. This book orients you toward yourself and conducts you through the myriad ways of Tai Chi technique. These are governed by a handful of highly refined skills that you may have only glimpsed up to now. Here are chapter workshops on Stillness and Motion, Softness and Hardness, and key Tai Chi Essentials such as Eight Dynamic Techniques and Five Tactical Directions. You'll also find integral sections on Elasticity, Tactics, Stepping, Range, and Number. The main text is bolstered and expanded with generous text notes. And there are methods toward reclaiming your lost or hidden fluidity, flexibility, and power. There are many examples of a often the major obstacle to your progress: perverse habits acquired unknown from modern lifestyles. So progress can, with perseverance, be made in your own way with your own body. This complex and integrated chronicle marks a lifetime of martial arts, including 40 years of real time practice in Tai Chi Chuan. Does it work? Is there another or a better way? These have been the guides that you too can apply to the content of *A Barefoot Boxer's Chronicle*.
