## Some Sort Of Joy:

**Some Sort of Joy**, 2022     The Conservator, 1908     **Earth To God - The New Stewardship** David Bastian Marshall, 2023-03-27 The conflict between Religion and Science escalates to the Eco world Evidence of climate issues accumulates yet political forces continue to ignore Earth s warning signs How can Climate Specialists and other scientists convince the inhabitants of this world that we each must take deliberate action to heal our planet and its environment We cannot rely on government participation and funding especially from the countries where their economy is tightly coupled with fossil fuel production and consumption Johann covertly attends a climate summit in France and he quickly attracts the attention of several of the attendees who are intrigued by his point of view of Earth However unexpected circumstances detain him in Paris Johann s quest to become a climate specialist is delayed and redirected Meanwhile his security business begins to flourish back home in mid state New York His intellectual team begins to make progress with their New Stewardship concept Though Johann was detained in France for two years he and his team are making substantial progress with their quest to influence people to heal Earth     **The Mystery of Growth, and Other Discourses** Edward White, 1877
