Style And Language:

Style in Language Thomas Albert Sebeok, 1966 *Style* Nikolas Coupland, 2007-08-09 Style refers to ways of speaking how speakers use the resource of language variation to make meaning in social encounters This 2007 book develops a coherent theoretical approach to style in sociolinguistics illustrated with copious examples It explains how speakers project different social identities and create different social relationships through their style choices and how speech style and social context inter relate Style therefore refers to the wide range of strategic actions and performances that speakers engage in to construct themselves and their social lives Coupland draws on and integrates a wide variety of contemporary sociolinguistic research as well as his own extensive research in this field The emphasis is on how social meanings are made locally in specific relationships genres groups and cultures and on studying language variation as part of the analysis of spoken discourse

Language and Style E. L. Epstein, 2013-10-08 We are living in a time of rapid radical social change In New Accents each volume in the series will seek to encourage rather than resist the process of change to stretch rather than reinforce the boundaries that currently define literature and its academic study This book offers a new focus on various connected topics in the treatment of style as a human phenomenon and especially the style of literary artefacts The subject of style is of intense and continuing interest and the bibliography in the field of literary style alone is enormous The essays that follow are therefore an attempt to contribute to the literature of a continuing study
